JAPAN TO FILE OBJECTIONS TO ALIEN LAND ACT

Action is Merely the Customary Diplomatic Procedure Declares Washington

AGREEMENT BETWEEN U. S. AND JAPAN EXPECTED SOON

Agree that New Law Will Not Be Retroactive; Japan Certain of Justice

TOKIO.—By The Associated Press. —After official confirmation that California has voted in favor of the proposed land law in that state, Japan will lodge a protest in Washington, pointing out the measure conflicts with Japanese treaty rights, according to the Yorazu Chobo, an independent organ, which quotes a foreign office official.

The Hochi Shimbun reports that M. Shidehara, Japanese ambassador in Washington, and Secretary of State Colby has reached an agreement by which Japanese will stop immigration to the United States, in return for which America will accord Japanese in America the same treatment as other foreigners.

Marquis Okuma, former premier, declares that "only thoughtless people have talked of war between Japan and America over California."

"If Japan fights with arguments of dignity and impartiality," he is quoted as saying, "Americans will act justly."

Not Unusual Says Washington

WASHINGTON.—By The Associated Press. Formal protest by Japan against adoption of the anti-alien land law by California would be a usual course in diplomatic procedure, according to international lawyers. Such action would be comparable to the filing of an objection by an attorney in the hearing of a law suit and the effect would be to safeguard Japan's position in the diplomatic exchanges.

Discussion of the California law between the state department and Japanese ambassador will be resumed next week, and at that time it is expected an agreement will be reached which can be submitted for the consideration of the Japanese government. The conferees are said to have reached enough common ground to cause them to hope an acceptable course of procedure will be mapped out.

While it is denied that a final agreement has been reached, it is understood Secretary Colby and Ambassador Shidehara have agreed that the California law will not be retroactive in effect, applying only to Japanese who may hereafter come to the United States. Whether this agreement includes a stoppage of Japanese immigration as reported at Tokio could not be learned.

ESTABLISH LINE OF STEAMERS BETWEEN SWEDEN AND CHILE

VALPARAISO, Chile.—Alexander Johnson, the Swedish millionaire ship owner, president of the Johnson line of steamers arrived here Friday and announced plans for fortnightly sailings of the steamers of his line between Sweden and Chile. Mr. Johnson will proceed to the Northern countries of South American and thence to San Francisco.

HOLD UP POOL HALL

SUPERIOR, Wis.—Two unmasked bandits entered a pool hall here shortly after midnight and held up 35 men and escaped with $2,500 in cash and other valuables.

THE WEATHER RECORD

For La Crosse and vicinity—Increasing cloudiness and somewhat warmer tonight. Saturday unsettled with probably rain or snow.

For Wisconsin—Increasing cloudiness tonight; somewhat warmer in west and central portions. Saturday unsettled with rain or snow in south portion.

For Minnesota—Unsettled tonight and Saturday, probably rain or snow in south portion. Warmer in southern portion tonight.

For Iowa—Rain probably tonight and Saturday. Warmer tonight.

HARDING'S VICTORY SMILE!

©NEWSPAPER ENTERPRISE ASSOCIATION. PHOTO BY BOB DORMAN.

MARION, Ohio.—This is the first photograph of President-elect and Mrs. Warren G. Harding taken after Harding himself "conceded" his own election. It was taken at the Harding home in Marion by Bob Dorman, staff photographer for the Newspaper Enterprise association. The senator and Mrs. Harding sat together election night reading the reports of the Harding landslide. Long after all his friends in Marion had been joyously celebrating his election, the senator finally looked up, took off his glasses, smiled and "conceded" that he was the president-elect. That was the moment when Dorman snapped this picture.

LABOR'S POLITICAL POLICY JUSTIFIED DECLARES GOMPERS

Fifty Hostile Congressmen Defeated Claims Labor Leader in Statement Friday

REGRETS WHAT HE TERMS TREND TOWARD REACTION

Claims Election of at Least Fifteen Union Men

WASHINGTON.—By The Associated Press. — Samuel Gompers, president of the American Federation of Labor, declared today in his first statement on the outcome of Tuesday's elections that "every forward looking man and woman must feel some deep regret because of the great plunge towards reaction."

"But democracy will right itself at the proper time," said Mr. Gompers, "and meanwhile the actual tabulation of results in congress, the law-making body, shows a definite and specific gain for all that makes for progress and responds to the needs of our time."

Mr. Gompers asserted that every man in the house whose "record of service was perfect has been re-elected," and added that the new congress would show an increased number of men who hold union cards.

The nonpartisan political policy of the labor federation, Mr. Gompers continued, "is more completely justified than ever and the futility of separate party action more convincingly demonstrated."

Referring to the congressional elections, Mr. Gompers said incomplete checking already showed "that fifty congressmen who were inconsiderate and hostile have been defeated."

Mr. Gompers claimed the election to congress of at least fifteen union men and said it was probable that the final counting would show more than twenty, possibly twenty-five.

"The nonpartisan campaign of the A. F. of L.," the veteran leader continued, "was primarily and most effectively a campaign in congressional districts. Its results were gained in the primaries and in the election. These results will serve as a constant reminder to all servants of special privilege and the ever present and always impressive fact will be before the new congress that fifty of the unfaithful and the hostile were defeated by the organized workers of our republic.

"Shortly the names of the men who have been fair and just and who have been re-elected and those who have been unfair and antagonistic and defeated will be published by the American Federation of Labor."

HOLLAND MAY HAVE CHANCE TO VOTE ON BECOMING REPUBLIC

THE HAGUE.—The possibility of becoming a republic is in prospect for Holland under recommendations submitted Friday by the commission appointed to revise the constitution. If these recommendations are adopted Holland will have the chance to decide upon doing away with royalty, unless the little princess Juliana, only child of Queen Wilhelmina and Prince Consort Henry, gives birth to a son by a husband whom the Dutch parliament approves as her consort. The princess is eleven years old.

The commission proposes that hereafter, unless there is a direct male descendant of a male ruler, the throne shall go to some male of the second generation of the last king. In the event of there being no direct male successor however, the people shall have the opportunity to change the country's form of government under the commission's scheme.

GERMANY FACES BIG TREASURY DEFICIT SAYS HELFFERICH

Short Seventy Billion Francs and Cannot Vote Credits Demanded by Allies

BERLIN.—Germany's treasury faces a deficit of approximately 70,000,000,000 marks, Dr. Karl Helfferich, former chancellor, declared in the reichstag Thursday. He said that in the face of expenditures amounting to 100,000,000,000 marks, the receipts would total 30,000,000,000. He declared it was impossible to vote the credits demanded for the inter-allied high commission in the Rhine territory, and reproached the minister of finance, Dr. Wirth, for not having done anything to remedy the situation.

Dr. Wirth stated the cabinet had decided to introduce a bill providing for a "sacrifice Tax," adding that the government would ask a credit of one billion marks to buy cereals abroad. He declared the financial difficulties of the German people could be solved "only if they can live."

N-P CANDIDATE BEATEN

FARGO, N. D.—Congressman John H. Baer of the First district, bearing the Nonpartisan league endorsement, has been defeated for re-election by O. B. Burtness, republican, returns available Friday indicated. Baer was an independent.

In the second district, Congressman G. M. Young, republican, was leading Ole Olson, independent and Nonpartisan league choice, when 649 out of 739 precincts had reported, the vote standing: Young, 30,261; Olson, 28,-012.

NORTH SIDE YOUTH RETURNS THURSDAY AFTER LONG ABSENCE

George Sady, Jr., Alleged to Have Gone With Fair Troup, Worked at La Crescent

SAYS THE FARMER DETAINED HIM WHEN HE ASKED TO LEAVE

Boy Missing Since September Back in His Home

The prodigal son has returned.

George Sady, Jr., age 15, 507 St. Cloud street, who was alleged to have left town last September with a fair show troup, returned to his home yesterday afternoon after an absence since September 24.

Young George, however, did not leave La Crosse with a show troup, but rather was working on a farm near La Crescent. He told his parents yesterday that he had wanted to come long before this, but that the farmer for whom he was working would not let him return.

Pictures of young George Sady had been sent out over the country from the police department in an effort to learn the whereabouts of the lad.

NOT GUILTY SAYS "NICKY" ARNSTEIN

WASHINGTON.—Jules W. (Nicky) Arnstein entered a plea of "not guilty" who narraigned Friday before Justice Gould of the district of Columbia supreme court on an indictment charging him and others with conspiring to bring stolen securities into the district from New York. Arnstein reserved the right to withdraw his plea within a week and to make such other motions as he might decide upon.

David Sullivan and Wilen W Easterday, Washington brokers indicted with Arnstein were arraigned and also entered pleas of "not guilty."

Your Red Cross Poster Can't Work Lying On the Shelf

MEMBERS of the Red Cross roll call publicity committee today issued a request to those who have received roll call posters to place them in their windows at once.

Posters received for the local campaign were comparatively few, it was explained, and it is accordingly necessary that all available be put to use.

WOMAN SHERIFF TO NAME HUSBAND AS HER DEPUTY

ROSCOMMON, Mich. — Mrs. Jane Johnson, 65 years old, mother of three children and sheriff-elect of Roscommon county Friday, outlined her platform.

"I can land a bad man, or a bad woman myself, if necessary," she said, "but as a matter of precaution I will appoint my husband deputy. In the intervals between searching for and caring for prisoners I will look after my children—two girls and a boy—and the domestic duties in the county jail."

Mrs. Johnson added that in case it should become necessary for her "to arrest a bad man, he will know some one has been after him."

The sheriff-elect gained her experience from her husband, who has been sheriff for the past six years, and whom she married forty years ago.

MRS. BIESEN AND JOHN BEIER WILL BE ARRAIGNED TODAY

Farm Hand Accused of Murder of Nick Biesen Likely to Plead Not Guilty

On being arraigned in county court this afternoon at 2 o'clock John Beier, alleged murderer of Nic Biesen, Brinkman ridge farmer, pleaded "not guilty" through his lawyer, A. H. Schubert. Beier will be held without bail until his examination, which has been set for Friday, November 19.

Mrs. Helen Biesen was also arraigned and entered a plea of "not guilty" on a statutory charge for which she is now being held. Two thousand dollars bail will be furnished in her case. The date of her examination has also been set for November 19.

John G. Beier, accused of murdering Nick Bieson, Brinkman's ridge farmer August 26, last, will be arraigned in county court before Judge Brindley this afternoon. Mrs. Bieson, who is being held as a material witness also will be given a hearing.

Curiosity seekers thronged the courthouse corridors early today, prepared to camp there until the prisoners were arraigned. A crowd of men stood in the Fourth street entrance of the county building most of the morning, ready to rush to the courtroom should the hearing be held today.

It is understood that Beier will plead not guilty to the charge of murder. Mrs. Biesen may be charged with a statutory offense and it also is said that she will plead not guilty.

TWO ATTEMPTS UNDER WAY FOR SETTLEMENT OF THE IRISH QUESTION

Influential Politicians Seek Conference Between Government and Sinn Fein

WITHDRAWAL OF TROOPS FROM IRELAND IS ALSO SUGGESTED

Would Put Preservation of Order up to Local Authorities

LONDON. — Two interesting, although unofficial, attempts are being made to solve the Irish question, it developed today. The first is an effort by influential political quarters to induce the government to communicate with the Sinn Fein members of parliament in order to try to reach a practical agreement and prevent the ruin of Ireland.

The second is that three coalition members of parliament will propose a plan for withdrawing the military in Ireland to strategic centers and allowing the local authorities to take the responsibility for the preservation of law and order with the eventual view of negotiating a political settlement of the problem.

Lieutenant is Killed

NENAGH, County Tipperary, Ireland.—Lieutenant Hamilton was shot dead while motorcycling Thursday evening. Two men arrested on suspicion of having killed him attempted escape and were shot dead.

Reprisals followed. Licensed premises and a printing office were destroyed by fire and a creamery was blown up with bombs and the machinery smashed.

The inhabitants of Nenagh fled into the country. Firing and explosions were heard throughout the night.

MAUD NEPRUD TO TALK ON VITAL TOPIC SATURDAY

Do you know what the state of Wisconsin is doing for our handicapped citizens?

Are you interested in what the state is doing for the blind, deaf, dumb and feeble-minded of the state?

If so attend the luncheon and regular meeting of the La Crosse County Community Council tomorrow at 12:30 at the Chamber of Commerce where Miss Maud Neprud, a member of the state board of control, under whose capable direction this work is carried on, will show pictures and charts of what the state is doing to make useful citizens of our less fortunate brothers and sisters.

HARDING VOTE IN ELECTORAL COLLEGE 404

Republican Majority of the New Senate is Definitely Fixed at Twenty-two

RECORD MAJORITY FOR THE G. O. P. ASSURED IN HOUSE

Party Has 149 Lead With Eight Contests Still Unsettled

NEW YORK.—With the size of the President-elect Harding's electoral vote virtually settled at 404 out of a possible 531 and the complexion of the new senate set down as 59 republicans and 37 democrats, republican leaders Friday awaited belated returns on eight contests in six states to fix the exact size of the republican house majority.

Exclusive of the eight undetermined seats in the lower house the republicans had 286 members to 137 democrats and four of other designations, a plurality of 139—the greatest ever held by any party in the house. The nearest approach to it was in the Fifty-second congress, when the democrats had a lead of 138.

Record Majority in House

Republicans appeared assured of better than an even break on the eight outstanding seats which would give them a record party margin in the house. The seats still in doubt were the fourth Maryland district, Eighth Minnesota, Fifth Missouri, Fifteenth, Twenty-first and Twenty-third New York, First North Dakota, and Fifth West Virginia.

A further possible democratic upset appeared possible in the Fourth Tennessee district where W. F. Clouse, republican, was reported to have forged slightly ahead of Cordell Hull, earlier reported elected.

The senate majority was settled late last night when belated returns from the mountain regions of Kentucky gave the republican candidate, Richard P. Ernst, victory over Senator Beckham, democrat.

Montana Goes to G. O. P.

Montana's four electoral votes fell definitely into the Harding column when returns from 1,227 precincts out of the total 1,482 gave the republican candidate a lead of 44,530. With North Dakota's five electoral votes counted last night when democratic leaders admitted they had given up hope of carrying the state, the addition of Montana brought the Harding total up to the 404 mark.

Yesterday's count in Oklahoma assured the nation's new women voters one representative in the lower house, Miss Alice Robertson of Muskogee, a farmer and restaurant owner. Miss Robertson was an anti-suffragist prior to the adoption of the nineteenth amendment and made the congressional race "to see if the men meant it," when they "thrust the vote on us."

NEW HAVEN ASKS AUTHORITY FOR BIG BOND ISSUE

WASHINGTON.—Authority to issue $95,000,000 in six per cent gold bonds was asked of the interstate commerce commission Friday by the New York, New Haven & Hartford railroad.

Eighty million dollars worth of the bonds, maturing in ten years, would be pledged as security for the purpose of funding the road's indebtedness of $60,000,000 to the government incurred during federal control. The remainder, maturing in fifteen years, would be used as security for a loan from the government amounting to $8,130,000.

The New York Central railroad asked authority to issue refunding and improvement six per cent mortgage bonds to the amount of $7,000,000 to be pledged with the director-general of railroads as security for a promisory note in payment to him for additions and betterments made during federal control.

DUXBURY LOSES OUT IN ASSEMBLY FIGHT IN HOUSTON COUNTY

One of the warmest political contests for years staged in Houston county was the fight between L. L. Duxbury of Caledonia and C. J. Swenson of Houston for assemblyman in the First district of Minnesota. Mr. Duxbury, who is a son of Senator F. A. Duxbury, was defeated by the narrow margin of forty votes by Mr. Swenson, who is an implement dealer of Houston.

CAPITAL PUNISHMENT RESTORED IN OREGON

SALEM, Ore.—Emmett Bancroft was hanged here Friday for the murder of Sheriff Till Taylor during a jail break at Pendleton, Ore., July 25. Bancroft exception was the first in Oregon since capital punishment was restored by popular vote last May.

TYPHUS MENACING SERB POPULAION DEPLETED BY WAR

Sanitation and Preventive Medicine Called Greatest Needs of that Country Today

NISH, Serbia.—Sanitation and preventive medicine are the greatest needs of Serbia today. With the approach of cold weather, the country will be called upon to combat her old enemy, typhus. American and foreign relief organizations will aid the Serbian authorities in this work.

Human conservation is one of Serbia's great problems. War and disease had sadly depleted the population. Before the war the birthrate of Serbia was higher than the deathrate. In spite of the inroads of epidemics, her population was increasing at the rate of 85,000 a year. Now it is decreasing. Bereft of her man-power and with her women and children organically wasted, the question of population to till the soil and build up the country is a most serious one.

Another pressing problem facing the country is the immense number of orphans. In old Serbia there are 60,000 full orphans and 300,000 half-orphans. Only 5,000 of these are cared for in orphanages supported by the government or foreign relief agencies. The rest are placed in private homes, where they are not always welcome guests on account of the scarcity of food and other necessaries of life.

Dread Suspense

"Oh, doctor, tell me quick!" moaned the fair patient, clasping her lap dog and convulsively nibbling a thousand-dollar check.

"How sick am I? Is it California, Florida or Europe?"—Seattle Post-Intelligencer.

SHE'LL TESTIFY AGAINST HUSBAND

MRS J B MURRAY

NEWPORT, Ky.—Mrs. Maud Murray expects to testify against her husband, J. B. Murray, of Evansville, Ind., when he goes on trial for the murder of Howard Phillips, of Newport. Murray killed Phillips, his former business partner, because he broke up his home, he said. Mrs. Murray, says her husband is wrong. She and her five-year-old son left Murray several months ago. She filed for divorce in June.

Overworked

Mrs. Knicker—Have you had a busy week?

Mrs. Bocker—Rather; I've had two husbands, three landlords and four cooks.—Sun and New York Herald.

COMMUNITY KITCHEN SOLVES EVANSTON'S SERVANT PROBLEM

Institution Delivers Hot Meals to Patrons' Homes by Motor Truck

EVANSTON, Ill.—Evanston's servant problem has been partially solved. Evanston's community kitchen has become a markedly successful institution through the efforts of three women, whose latest contribution to home-keeping is the introduction of what they say is the most satisfactory thermal container yet perfected. The Evanston kitchen, which is now more than a year old, has become a model after which numerous similar kitchens have been patterned all over the country. It delivers hot meals to the home by motor truck.

The Evanston kitchen is an outgrowth of the war. In the summer of 1918, the Evanston Woman's club conducted a particularly successful community kitchen. The club's record for the season was 7,000 jars of fruits and vegetables most of which went to charitable institutions. When the influenza epidemic struck the country in the fall of that year, the club extended its activities and for a time served an average of 200 meals daily to those who were stricken and their families. From these activities came the idea of a permanent kitchen and its establishment was due to three members of the Woman's club, Mrs. James O'Dell, Mrs. Rufus C. Dawes and Mrs. Homer H. Kingsley.

"Evanston has been suffering from a shortage of domestic help," said Mrs. Odell, in explaining the plan. "Everywhere women, especially young mothers, are finding it impossible to do all that is required of them, to take care of the babies and the house, and have any leisure for the homecoming of the husband. An increasing number of families are frequenting the hotels and cafes, sacrificing family life and interests to necessity. We felt that by delivering dinners to such homes, a service would be rendered not to those families alone, but to society as well, by preventing the disintegration of the home and the annihilation of the family table."

The big problem, however, proved to be an inadequate container. From the experimental stage to the perfected aluminum, glass-lined dish, these three women, who have now incorporated the Evanston community kitchen and serve an average of 100 meals every evening, claim the distinction of developing the best thermal containers now in use.

A complete meal is prepared in the kitchen, placed in suitable [illegible] dishes, heated to a high temperature, and the portions enclosed in a large thermal container. The food retains its original temperature approximately six hours, so that it is still piping hot when it is delivered to the patron's home by motor truck. The empty dishes are collected the following morning and the housewife is relieved of all concern over her evening meal.

For the service, a charge of 85 cents for each meal is made, plus 25 cents delivery charges. The kitchen has already proved a paying proposition and its success has been so marked that representatives from Los Angeles to Cleveland have visited the [illegible] ing similar institutions in their own communities.

WARSAW, Poland.—"Soap to save lives," is the cry that is sending Red [illegible] city. Unless soap is used liberally here typhus is sure to come. Cooties spread typhus and soap kills cooties.

The Koran is fiercely monotheistic.

PRAISE THEE

BECAUSE Thy loving kindness is better than life, my lips shall praise Thee.—Psalms 63: 3.

GENIUS AND AVOIRDUPOIS

LITTLE squib in the paper the other day quoted Theophile Gautier and some other prominent Frenchmen as authority for the statement that men of genius should be fat. It is evident that M. Gautier and his conferees knew little about American literature and men of letters. There isn't a fat one among the whole list of Yankee immortals, that we can call to mind. Poe, Hawthorne, Mark Twain, Holmes, Emerson—all of them were built on the traditional lean and angular lines which, somewhat unjustly, are taken to be characteristically American. American literature of high grade is not fat man's stuff—it is as lean and hard-bitten, as dryly humorous, as nervous, wiry and concentrated as its creators. Maybe it takes flesh to be a genius in French—we have no facts to question it, anyhow—but, as a humble member of the brotherhood who have to stand twice in the same place to cast a shadow, we challenge the universal nature of the assumption. Genius is not of the flesh but of the spirit, and as many a mountain of flesh houses the soul of a mouse, so does many a frail and feeble body frame the heart and mind of a Titan. But not to be dogmatic, we should only amend M. Gautier's rule to read: men of genius should be either fat, thin or somewhere in between. That's about as true as any positive assertion ever is.

AMERICA IN SIBERIA

THERE is vast significance in the news that an American syndicate has secured from the soviet government of Russia a lease of an immense tract of land in Kamchatka, Siberia. The land faces Alaska. That is to say, across the Bering Strait, America is only fifty-four miles distant.

Japan hitherto has claimed special rights in the Orient because of her proximity to concessions on the mainland. America will now be entitled to the same consideration.

Profound effects upon the future history of the Far East may follow from this cause.

The succeeding government of Russia will repudiate many contracts of the bolsheviki. But, it is not certain that this Siberian lease will be invalidated. The contractual area is a cold wilderness. Russia has never shown a desire or ability to develop it. But American enterprise and pioneering genius, backed by American capital are capable of redeeming the country for civilization and democracy as Alaska has been redeemed.

In exploring Siberia for oil and minerals, Americans will be brought face to face with Japan upon territory which the Japanese pretend is sacred to their own exploitation. Japan must then reckon with a competitor in Siberia whose purpose is not to disturb the sovereign rights of the inhabitants. Rather, the competitor's purpose is to seek wealth by making the inhabitants themselves prosperous.

American exploitation of Siberia would mark a new epoch in the life of the Orient.

PIN MONEY

WIVES ought to be real partners with their husbands. They should be financial equals as well as political equals. They should have an allowance at least, and not be ground down to almost begging for "pin money." That's what a lot of women believe. Yet the probabilities are that some millions of them have to do that very thing.

And that brings one around to a discussion of just what "pin money" is and where the term originated. Pins were an invention of the fourteenth century. Yes, but the fellow who made them was, for some reason or other, allowed to sell them on but two days of the year, the first and second of January.

Hand-made, pins were high in price. None but the wealthy could buy them. And it became a custom for money to be given to women at their marriage to be used for the purchase of pins—just pin money.

Pins grew cheaper, and the law fixing their date of sale was thrown off, but the custom of calling it pin money, when small sums were given to women for personal expenditure, like the pins themselves, stuck.

Wives, real leaders of thought think, are entitled in these advanced days to much more than pin money. A fifty-fifty division would be more nearly the proper thing.

THREE GILDED BALLS

THERE they hang, three golden balls, just outside and above the pawnbroker's shops. Sometimes frowned upon, as a matter of fact the pawnbroker frequently is of the greatest aid to individuals of the community. The poor and the oppressed can get money of him as a loan on goods that would have little chance for quick sale. And it is only as a last resort that the average man or woman finds himself in the pawnbroker's shop.

Money-lending as a business was first undertaken by the Italians, and the people of Lombardy proved highly successful at it. In Florence the great Medici family made the loaning of money on chattels their only means of livelihood.

It happened that the coat of arms of the Medici family showed three gilt balls. Others, noting the success of the Medici family, also began pawnbroking. They adopted the gilt balls as the sign of their business, "stealing the Medici family's stuff", in the vernacular of the street.

"NO CHILDREN"

WALTER ROLLO, minister of labor and health of the Ontario provincial government, is supporting a movement to make it a criminal offense for any landlord to refuse to rent dwellings and apartments to people because of children.

It is to be regretted that legislatures in the United States have not become interested in thus advancing the welfare of humanity.

Scientists who are hunting for the missing link might knock off for a while and hunt the voters who were missing election day.

Because of the coal shortage, the Lord High Custodian of the Royal Suspenders may have to sift the ashes in St. James palace.

When Shamrock races she stimulates the tea business so it's fair to assume that Delaware has boosted the mackerel trade.

Offering $500,000 for the Dempsey-Carpentier fight is a wallop at the bankers who say money is tight.

Coal men say there'll be plenty of coal later, but there isn't a thermal unit in a bin full of assurances.

Alarmists are aroused to note that Admiral Condouriotis, Greek regent, has a riot in his name.

It used to be rude to tell a man to go to Halifax, but Halifax has voted wet.

Cabbages drop and there's hope for the five-cent cigar.

In Ye Olden Times

TEN YEARS AGO TODAY

Failure to have his second citizenship papers when he visited his old home in Greece recently cost John Hadreas 1500 francs and came near landing him in the Grecian army for three years, according to his story told this morning when he applied to Clerk of Court Russel Smith for his second papers.

J. M. Hixon, Henry Gund, E. L. Colman and L. F. Easton have been appointed delegates to the River and Harbor congress which meets in Washington next month.

In an address before the elementary section of the Minnesota Educational association, President Cotton of the La Crosse State Normal school declared that too much politics had entered into the management of the common schools and that before a change could be expected the schools must be absolutely divorced from politics and pulls.

Mrs. Van Steenwyk has returned from a visit to her old home in Dansbury, Connecticut.

TWENTY YEARS AGO TODAY

B. J. (Pete) Husting, the noted baseball twirler, whose home is in Mayville, Wisconsin, and who plays with the National League club of Pittsburgh, arrived in the city today to visit his brother, M. R. Husting.

Odin J. Oyen left last night for Cresco, Iowa, where he has the contract for painting and frescoing a large new church.

Mr. Carl B. Noelke who is in business on upper Main street, opposite the Cathedral, has gone into the piano business and has accepted the agency for the world renowned Schermer pianos for La Crosse.

Lumbermen are predicting a restricted cut of logs in Wisconsin this coming winter. Half the operations which should now be under way cannot be commenced because of extreme moisture in the woods. Low grounds are flooded so that roads cannot be made. However there will not be a shortage next year as double the normal amount of logs are awaiting spring sawing.

THIRTY YEARS AGO TODAY

Due to the fact that the new election law which prevents electioneering within one hundred feet of the polls was put into force this year, there was no crowding around the election booths as in former years.

Miss Rose Keefe who has been visiting in New York has returned home.

John Ruegg, an old settler, and an engineer at the linseed oil mill for sixteen years, died last evening at his home at Twenty-first and King streets of typhoid fever.

N. H. Withee has returned from a hunting trip to the northern woods.

D. L. Aiken went to City Point yesterday to superintend the work for the McDonald Lumber company.

Abe Martin

Miss Carmet Moots, th' lovely, popular an' accomplished daughter o' Mr. an' Mrs. Tilford Moots, had her eye put out by a cork while entertainin' friends last evenin'. Of all th' odors o' th' present day, we don't believe ther's any t' compare with th' ole combination o' red flannel underwear an' cashimir bouquet soap.

GOVERNOR FRAZIER NOW LEADING IN DAKOTA CONTEST

FARGO, N. D.—Governor Lynn J. Frazier, republican candidate endorsed by the Nonpartisan league, swung into the lead Friday in the gubernatorial race. He had a lead of more than eight hundred votes over his democratic opponent, J. F. T. O'Connor. Frazier's re-election has been conceded by the Fargo Forum, which supported O'Connor.

Results in the First and Second congressional districts were in doubt today.

CHICAGO DECIDES TO CUT SIZE OF ITS CITY COUNCIL

CHICAGO, Ill.—The decision of Chicago's voters to have one alderman and fifty wards instead of two aldermen and thirty-five wards Friday brought to light the interesting case of "Bath-house John" Coughlin and "Hinky Dink" Kenna, who have bossed the First ward for more years than many voters can remember. Speculation was rife in political circles as to which of the nation-wide celebrities would drop at the time of the next election. They are fast friends.

Out of Misery

They are planning to make Mexico dry. In other words, people may still be shot, but they shall not be half shot.—Buffalo Commercial.

MARSHALL REFUSES TO COMMENT UPON BRYAN'S PROPOSAL

FREEPORT, Ill.—Vice President Thomas R. Marshall would make no comment here Friday on the suggestion of William Jennings Bryan that President Wilson resign immediately.

"I am through talking politics for a while at least," he said.

MILLIONS ARE NEEDED TO FEED HUNGRY CHILDREN OF POLAND

U. S. Relief Administration to Open Warehouses in Districts Devastated by Russians

"WHITE COLLAR CLASS" IN WAR ZONES IN DISTRESS

Pride Keeps them from Seeking Aid; Worse than Among Poor

BERLIN.—"The American relief administration will need $10,000,000 to feed the hungry children of Poland and to maintain its warehousing work this winter," W. L. Brown, who is in charge of the European relief, said on the eve of a conference of 20 men who are managing the association's offices in Germany, Poland, Austria, Hungary, Czecho-Slovakia and the free state of Danzig.

The organization has abandoned its relief work in the majority of the Balkan states, where Mr. Brown says the conditions are "approaching normal although there is still much suffering," but he declared that the Russo-Polish war had doubled the demands on the relief administration in Poland, where at least 900,000 children and thousands of adults are facing starvation.

To Open Feeding Stations

Plans are being prepared to open warehouses and feeding stations in central and southern Poland which was devastated by the bolshevists. The relief may also be extended eastward in North Poland to the inhabitants who were rendered destitute by the Russian invasion, which virtually disrupted the arrangements for feeding half a million Polish children.

The conditions in Hungary and Jugo-Slavia also necessitate the expenditure of sums aggregating the amounts which were expended last winter and the situation in Germany, Mr. Brown said, was such that there could be no thought of abandoning the distribution of food packages.

"White Collar Class" Distressed

A new phase of the relief work has been disclosed by the reports from workers that the direct distress prevails among the "white collar class" in all war stricken countries. "Some of the most pitiful cases with which we have had to deal have been those of salaried men and intellectuals, college professors, government employes, pensioners and former army officers," Mr. Brown said.

"The pride which characterizes this class is unable to conceal the fact that many are facing actual starvation and must have help or perish this winter. Until recently we had no provision to aid them but a few men who realized the situation contributed $500,000 to be devoted exclusively to them and this will alleviate but not relieve their suffering. Their distress has been unequalled even among the poorest laborer and they present a problem which is much harder to solve."

The Church of Massachusetts

The Congregational became the established church of the Massachusetts Bay colony in 1861. The same spirit that excused the banishment of Anne Hutchinson and the hanging of the Quakers on the ground that their teaching endangered the stability of the government was at the basis of the act which made church membership a qualification for the franchise, and finally made the Congregational the established church of the colony.

Pagoda a Place to Worship

A pagoda is a Hindu place of worship, containing an idol. It consists of three portions—an apartment surmounted by a dome, resting on columns, and accessible to all; a chamber into which only Brahmins are allowed to enter, and, lastly, a cell containing the statue of the deity, closed by massive gates. The most remarkable pagodas are those of Bennares Siam, Pegu and particularly that of Juggernaut in Orissa.

An Island for Artists

The island of Comacino, which is widely known among artists who have had a foreign experience as one of the most beautiful spots in the renowned Lake Como, was recently left to King Albert of Belgium upon the death of its former owner and the King has turned it over as a haven for artists to be cared for by the Italian Government.

Appeal That All Understood

The variety of languages is one of the marvels and mysteries, yet beyond the grammar and the etymology there is forever a fundamental fact—that men are brothers in the blood, bound to help and to serve one another in time of need. Hunger, thirst sickness and weakness speak for themselves. We can tell when our brother has need of our aid, though his appeal is mute, or inarticulate, or in an outlandish tongue.—Exchange.

An Overworked Volcano

The most active volcano in the world is that of Mount Saugay in the eastern chain of the Andes, which has been in constant eruption since 1728.

BERLIN SOVIETS WON'T RECOGNIZE RUSS GOVERNMENT

Shop Soviet Congress Rejects Resolution Favoring Soviet Regime in Russia

BERLIN.—The first Congress of Shop Soviets recently held here refused to go on record as favoring the Soviet government of Russia. There was a sharp clash between the Communists and Independent Socialists over the question but the motion was voted down. About 1,000 delegates attended the meeting.

The workers in the German industrial and commercial establishments, who are now given an active voice in administration of them, were impressed in congress with the need of conserving raw products so that Germany may produce sufficient finished commodities to enable her to establish credits abroad with which to pay for the importation of the most necessary food and raw materials.

Rudolph Wissel, formerly Minister of Economics, said that German textile and iron industries were in need of foreign supplies. The 28,000,000 tons of ore which Germany formerly obtained from Alsace-Lorraine and Luxemburg must now be procured through foreign credits. The Versailles Treaty had deprived the nation of one-third of its grain producing areas while the remaining soil had been impoverished by intensified wartime cultivation and lack of fertilizers.

The former Minister ascribed the present economic crisis to under-production, denying that it was due to over-consumption and he declared that Germany would be forced to subsist on small rations for a long time.

Jud Tunkins

Jud Tunkins says that after a woman succeeds in getting her husband dressed up just the way she wants, she's liable to look him over and wish he was a cave man.

Getting Sense

There comes a clear day when one realizes that clothes are to keep the weather off you, that food is to give you health, that home is shelter and inspiration; that, aside from being clean and inoffensive, one's personal appearance does not signify very much—that the main thing in life is to be going along toward the goal of your ideals. That isn't getting old, it's getting sense. From then on Time is not master, but friend.—Collier's.

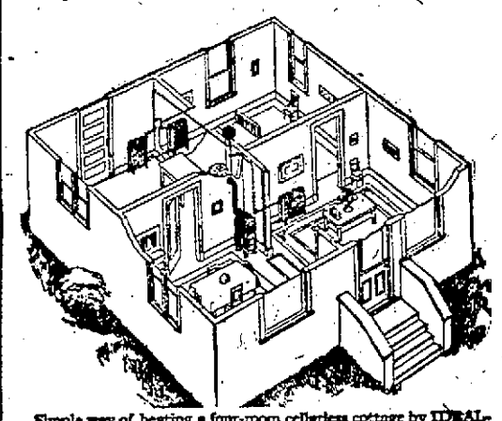
Hot Water Supply and Low-Cost Radiator Heat for All Homes

The IDEAL-Arcola is a heating boiler which circulates hot water to radiators in adjoining rooms. It is also arranged for the introduction of a hot water pipe into the fire chamber so that a plentiful supply of running hot water may be constantly in the range boiler for domestic uses. The IDEAL-Arcola installation is quickly made and is the most satisfactory and profitable investment in the small, cellarless house. Lasts forever and saves costly fuel every year!

New IDEAL-Arcola Radiator-Boiler

Hot water radiator heat may now be enjoyed by the owner of the small cottage, bungalow, store, office, shop, etc., because the IDEAL-Arcola Heating Outfit is designed for all-on-one-floor heating. No cellar or water pressure is required. The system is self-acting. It is run like a stove, and circulates hot water heat to the radiators located in the adjoining rooms. The piping is simple and no valves or other accessories are used. It may be installed quickly in any building. Heats the whole house with one fire and uses no more fuel than the old-fashioned method of heating one room!



Simple way of heating a four-room cellarless cottage by IDEAL-Arcola Radiator-Boiler and three AMERICAN Radiators. The IDEAL-Arcola may be painted to match interior trim. Ask for catalog (free) showing open views of heating layouts of 4-, 5-, 6- and 7-room cottages, stores, shops, offices, stations, schools, movies, banks, garages, etc. Don't delay.

Any Dealer will furnish in sizes to suit rooms and climatic conditions.

U. S. AND BRITAIN MUST AVOID TRADE RIVALRY--GEDDES

Denies American Ships Have Been Placed at Disadvantage by Britain

MINNEAPOLIS, Minn.—America and Great Britain must avoid national trade competition, "organized by government and supported by political action," Sir Auckland Geddes, British ambassador to the United States, declared Friday at a Chamber of Commerce luncheon here.

If the United States and Great Britain, he said, were to begin to organize areas of exclusive economic advantage there "would inevitably come a clash of interests that would strain the friendly relations between the countries."

Sir Auckland denied that American ships had been placed at a disadvantage with British ships by British government action. He declared, "not in any sense as a threat, however veiled, but as a matter of interest," that if the British empire should adopt a law similar to the American law limiting coastwise traffic to ships flying only its own flag "there would be some far reaching derangements in the business of non-British shipping."

"We are not thinking at present of adopting any such law," he added, "for our trade policy is based on the policy of 'fair trade and equal opportunity'."

Speaking as representative of all the British dominions and colonies, "of one quarter of the human race," Sir Auckland declared it was the wish of all the British people to live in peace and amity with the United States and "with all the nations of the earth."

"I read in your newspapers," he said, "of these subtle devilish schemes which the British government is preparing with the object of preventing your trade expansion. I have been a member of the British cabinet, I have been the minister of crown responsible for the trade policy and activities of the government, and I assure you formally and without reservation that the principle which underlies British trade policy is expressed in the five words:

"'Fair trade and equal opportunities'."

FORMER GOVERNOR OF VERMONT SENTENCED FOR EMBEZZLEMENT

MONTPELIER, Vt.—Horace F. Graham, former governor of Vermont, was Friday sentenced in the supreme court to not less than five and not more than eight years in prison for embezzlement of state funds while he was auditor of accounts. He also was ordered to pay the costs of the prosecution.

Friends of the former governor said today it was probable an effort would be made to obtain a pardon from Governor Clement.

DOCTORS ON WAY TO HELP FIGHT PLAGUE IN ALASKA VILLAGE

SEATTLE, Wash.—Two coast guard vessels carrying physicians and medical supplies were enroute Friday to the little community of Unalaska on the island of that name in the Aleutian group off the Alaska peninsula, where according to wireless advices a serious epidemic of small-pox has appeared.

Obituary

MISS ASTA K. DAHLGREN

Miss Asta K. Dahlgren passed away at a local hospital this morning after several months' illness. She was born in La Crosse January 13, 1896. She is survived by her father, J. W. Dahlgren, and her sister, Lydia, both of La Crosse, and a brother, Alf Dahlgren, of Chicago. Funeral announcements will be made later.

MRS. MORRIS JOHNSON

Mrs. Morris Johnson, aged 53, 512 Division street, died October 29, at the home of her mother, Mrs. Chris Lund, in French creek, Trempealeau county. Mrs. Johnson was the wife of Morris Johnson, an employe of the Segelke-Kohlhaus Manufacturing company and janitor of Our Saviour's church.

The funeral was held Tuesday from the French creek church. Rev. H. G. Magelssen of La Crosse and Rev. C. S. Bostul officiated.

Mrs. Johnson's maiden name was Matilda Lund. She was born in Norway May 12, 1867, coming to this country with her parents at the age of 13. The family first settled in Beaver Creek. She was married to Morris Johnson on Thanksgiving day, 1901.

Mrs. Johnson is survived by her husband, a daughter, her mother, Mrs. Chris Lund; three sisters, Mrs. Frank Ansrud, Arcadia; Mrs. Ole Peterson, Black River Falls; Miss Helga Lund, French creek, and one brother, Alex Lund, French creek.

ANTON KEPPEL, SR.

Anton Keppel, Sr., aged 88 years, died Thursday night at 9:30 p. m. at the home of his daughter, Mrs. John Bedessom, 431 West avenue north.

Mr. Keppel was born in Austria October 16th, 1832 and came to America in 1857. He settled in the town of Campbell and lived there 39 years. He came to the city four years ago and had lived with his daughter. He leaves four sons and three daughters: Mrs. John Bedussem, Mrs. John Kindhammer, Anton Keppel, Jr., Mrs. Joseph Kindhammer, Herman Keppel, William Keppel, and Frank Keppel, all of La Crosse; one sister, Mrs. W. Netwell, La Crosse, Wis., 18 great grandchildren and 30 grandchildren.

Services will be held from the residence of his daughter, Mrs. John Bedessem, 431 West avenue north, Sunday afternoon at 2:30 p. m. Rev. H. Andreas will officiate and interment will be in Oak Grove cemetery.

CARD OF THANKS

We, the undersigned, wish to thank the many friends and neighbors for their kindness and sympathy shown us during our late bereavement, the death of our beloved wife and mother. Especially do we wish to thank Rev. Andreas, the choir and all who sent floral offerings.

MR. GEORGE DETZ AND CHILDREN.

THREE ARE INDICTED IN BUILDING PROBE IN NEW YORK CITY

Bench Warrants Issued for Men Whose Names are Not Made Public

NEW YORK.—Bench warrants were issued Friday for the arrest of at least three persons indicted by the department of justice investigating the alleged building trust here. Names of those indicted were not made public.

While the first indictments in connection with the investigation, were being returned to Judge Mulqueen in general sessions, the joint legislative committee quizzing witnesses in the city hall regarding the "trust" was being informed that the whole lime stone trade of the United States was "in the grip" of the National Association of Stone Cutters.

This testimony was given by Henry Hanlein, cut stone contractor, who admitted a code of practice existed after by-laws of the association were read to him. He admitted also that this code requires all members of the national association and allied locals to submit copies of their bids to the recording secretary "to preclude cut-throat competition."

DEMAND STATE AID FOR RETIRING FUND TEACHERS ARE URGED

MILWAUKEE, Wis.—The Wisconsin Teachers in session here Friday were urged to demand that the state give to the Teachers' retirement fund such support as to place the fund on an unquestionably adequate basis.

This demand was contained in a report submitted by Superintendent M. N. MacIver of Oshkosh, chairman of the Teachers' association committee, following the reading of a statement issued by the Wisconsin legislative committee, of which Senator Anton Kuchuk is chairman.

In the legislative committees report mention was made that "it is generally agreed that the present law must be modified in important particulars if it is to carry out the beneficient purposes of its creators."

The legislative committee has decided to hold public hearings during the week of November 15 at Superior, Eau Claire, Oshkosh, Milwaukee and Madison.

THURBER APPOINTED AS NEW DIVISIONAL SUPERINTENDENT HERE

W. M. Thurber, formerly train master on the Dubuque division, has been appointed divisional superintendent of the La Crosse division to succeed D. W. Kelly.

Mr. Thurber was train master of the Dubuque division up until March 1919 when he was promoted to the position of superintendent of that division. Later he was transferred to the Iowa and Dakota division at Mason City, Iowa, which post he leaves to take charge of the La Crosse section. D. W. Kelly will take the position of divisional superintendent at Mason City.

RATE BODY DENIES KANSAS PLEA FOR RATE RE-HEARING

WASHINGTON.—The petition of the Kansas court of industrial relations for a hearing on the advanced interstate rates granted railroads in western territory was denied Friday by the interstate commerce commission. The court contended that the roads in western territory would earn approximately $192,000,000 in excess of six per cent on the value of the railway properties in that territory under the new rates.

BODY OF E. E. THOMAS BANGOR SOLDIER TO ARRIVE SATURDAY

The body of Erwin E. Thomas, member of Company B from this city will arrive at his home at Bangor Saturday morning, according to telegram received by his presents Thursday.

Thomas was a member of Company B of this city and died at Bordeaux France, on November 19 from wounds received in battle. The American Legion will be in charge of the funeral to be held at Bangor Saturday afternoon.

CITIZENS PROTEST POLITICAL ACTIVTIY OF JAPANESE CONSUL

WASHINGTON.—Residents of Los Angeles made formal complaint to the state department Thursday that Ujiro Oyama, Japanese consul at that place, had displayed "pernicious activity" in addressing voters to oppose the anti-Japanese land law in the elections in California Tuesday.

It was announced at the state department that the complainants had been informed that proof of their allegations should be presented.

SEVENTH DAY ADVENTISTS

"Know ye not, that ye are not your own? For ye are bought with a price, therefore glorify God in your body, and in your spirit which are God's." will be the subject of discourse by the pastor, J. T. Worrell, Saturday at 10 a. m., in the church, corner of Liberty and Clinton streets.

The Sabbath school has solved the world-wide problem of Bible ignorance, by reaching the standard: "All the members of the church, be regular members of the Sabbath school, and all study a portion of each lesson at their daily family worship." Come and enjoy the blessed results; Saturday, 11 a. m. to 12 m.

GIDEONS RALLY TO PLACE BIBLES IN CITY HOTEL ROOMS

Two-Day Meeting of Christian Commercial Travelers Will Open Here Tomorrow

BIBLES are to be placed in hotel rooms in La Crosse by the Gideons, the Christian Commercial Travelers of America. To raise money to furnish the Bibles a two-day campaign for funds will be made at a rally here tomorrow and Sunday afternoon. In the evening, beginning at 6:30 o'clock a dinner will be given at the Y. M. C. A. with La Crosse pastors as guests.

Sunday morning Gideon work will be presented in the churches throughout the city, and a mass meeting will be held at the Y. M. C. A. at 3 o'clock p. m. Union evangelist service at 7:30 o'clock at First M. E. church.

"Early in the year 1899," said the Rev. E. C. Dixon, pastor of the First Methodist church, and a leader in the Gideon movement in La Crosse, "John H. Nicholson of Janesville, Wis., went to the Central hotel at Boscobel, Wis., for the night. The hotel being crowded, he was requested to take a bed in a double room with S. E. Hill of Beloit, Wis., where each discovered the other to be a Christian. They had their evening devotions together and on their knees before God were given the thought afterward worked out. On May 31, they met at Beaver Dam, Wis., concluded to band Christian commercial travelers together for mutual recognition and united service for the Master, and decided to call a meeting at Janesville, Wis., July 1, 1899, in the Y. M. C. A. building. Only three men were present, John H. Nicholson, W. J. Knights and S. E. Hill. They organized with S. E. Hill president; W. J. Knights, vice president; John H. Nicholson, secretary and treasurer.

"Much thought was given to what the name of their association should be, and after special prayer that God might lead them to select the proper one, Mr. Knights arose from his knees and said, 'We will be called Gideons.' He read the sixth and seventh chapters of Judges and showed the reason for adopting the name. 'The Gideons, the Christian Commercial Travelers' association.' Gideon was a man who was willing to do exactly what God wanted him to do, irrespective of his own judgment as to the plans or results. Humility, faith and obedience were his great elements of character. This is the standard that the Gideon organization is trying to establish in all its members, each to be a man ready to do God's will at any time, at and place, and in any way that His spirit leads."

FRENCHMAN BREAKS AIR SPEED RECORD SET BY LECOINTE

PARIS.—Captain De Romanet, the French aviator, in a Spad-Hispano airplane Thursday flew one kilometer at a speed of 309 kilometers an hour. This broke the world's record of 292.82 kilometers made two weeks ago by Sadi Lecointe, the winner of the recent James Gordon Bennett cup race.

CONCEDE ELECTION OF N-P CANDIDATE TO THE U. S. SENATE

FARGO, N. D.—Election of Dr. E. F. Ladd, republican, and Nonpartisan league choice, as United States senator from North Dakota, was conceded late Thursday by Swenbjorn Jonson, chairman of the democratic state central committee. Ladd's opponent was H. H. Perry, democrat.

CHILDREN PLAYING WITH MATCHES BURN TO DEATH

KIPLING, Mich.—Rudolph and Flargon Plozey, age 4 and 2 respectively, were burned to death here Thursday while playing with matches.

The youngsters, it is said, took matches from their home and went to the root house, a short distance away. After closing the door of the root house, it is believed, they set fire to bales of straw which were in the building. The building was quickly consumed by the flames and the bodies burned to a crisp.

LENROOT'S LEAD OVER THOMPSON IS NOW 48,000

Plurality of Superior Man Expected to Reach 50,000 on Full Returns

MILWAUKEE.—Gaining steadily over his opponents as county after county reported its senatorial vote on Thursday, Senator Irvine L. Lenroot clinched the victory which early returns had indicated definitely would be his.

Totals including 2,347 of the 2,435 precincts in Wisconsin showed the senator leading his opponent, James Thompson, La Follette candidate, by a margin of 48,188 votes, Lenroot's total was 274,198, against 226,010 for Thompson. Paul S. Reinsch democrat was third with 84,604, and Frank Weber, socialist, trailed with 61,083.

May Reach 50,000

Probabilities were Thursday night that Senator Lenroot would increase his plurality to 50,000 in the final tabulation. Of the eighty-eight precincts missing, seventy are in counties which already show pluralities for the senator.

Thompson's defeat was conceded on Thursday in unofficial reports from the La Follette camp, but Mr. Thompson himself refused to admit himself a loser declaring he would wait for the official count.

The following message from Senator Lenroot was received by The Sentinel Thursday night:

"So long as I live I shall remember the obligation I am under to the voters of Wisconsin for their support in the campaign. The untiring and unselfish efofrts of my friends in every part of the state made the victory possible.

"I value their confidence in me more than I do the senatorship. I am especially grateful to the women of the state. Never did any candidate have more earnest support. I shall try to be worthy of the confidence they have in me. I am also grateful to the press of the state. Practically all free and independent newspapers, not controlled by sinister influences, gave me their support.

"I believe this election means that hereafter political campaigns will be placed on a higher level and that no candidates will venture to make a campaign based upon misrepresentation of facts.

"We have a great task ahead of us. Upon the republican party rests a great responsibility. I shall work for reconstruction measures along true progressive lines and shall try to deserve the confidence of all those who desire constructive policies and not destructive radicalism."

STATE COMMANDER COMES TO TALK TO AMERICAN LEGION

Claudius N. Pendill of Kenosha, state commander of the American Legion, will be the speaker at an important meeting of the local post of that order, at Eagles hall Saturday night.

The meeting will start promptly at 8 o'clock. Entertainment will be provided by the local post.

PRESIDENT OFFERS HARDING WARSHIP FOR VACATION TRIP

WASHINGTON.—By The Associated Press.—President Wilson Friday directed Secretary Daniels to place a battleship at the disposal of President-elect Harding for his contemplated visit to the Panama canal zone.

The president also instructed Mr. Daniels to offer Mr. Harding the use of the presidential yacht Mayflower to convey him and the members of his party to Hampton Roads to go aboard the battleship.

Expect Acceptance

MARION, O.—Senator Harding is expected by his advisors here to accept President Wilson's offer of a naval vessel for his voyage to the Panama canal zone.

The president-elect himself, however, would not make a positive statement on the subject Friday afternoon pending actual receipt of the message.

WRANGEL CARRIES OUT SUCCESSFUL RETREAT TO CRIMEA

Captures Thousands of Bolsheviki Cavalrymen in Withdrawal

SEBASTOPOL.—By The Associated Press.—General Baron Wrangel, head of the anti-bolshevik government of South Russia, has successfully withdrawn his troops to Crimea before the advance of soviet armies south of the Dnieper river. He is master of Perekop and also Salkova.

At Salkova, General Wrangel has captured thousands of men belonging to the units of General Budenny's cavalry. The spirit of his troops is good, but they are worn out by their long fight, and are glad to be assured of a rest in Crimea.

The number of soviet cavalrymen captured by General Wrangel's forces at Salkova is placed at 10,000.

Fighting Hard

CONSTANTINOPLE.—Gen. Baron Wrangel, whose forces have been driven back into the Crimean peninsula from Russia proper by bolshevik armies, has broken silence of four days with a characteristically laconic message to Baroness Wrangel. His telegram said: "We are fighting hard, in full hope."

ALLOW CLAIMS OF SEMI-EXECUTIVE RAIL EMPLOYES

WASHINGTON.—Claims of railroad employes in semi-executive positions for recognition by the railroad labor board as subordinate officials, with the exception of supervisory station agents, were allowed Friday by the interstate commerce commission. The ruling will permit railroad workers in the semi-executive classes, with the exception of the supervisory station agents, to place their wage questions before the board for adjustment.

Supervisory station agents were held to be official and responsible representatives of the railroad companies in their relationships with the public workers classed as "subordinate officials" also are entitled to representation on the labor board.

FINANCE COMMITTEE CALLS MEETING FOR THURSDAY EVENING

The finance committe of the common council of the city of La Crosse will hold a meeting Thursday night November 11. The meeting is called for the purpose of considering matters which come before that committee.

TROOPS WITHDRAWN FROM COAL FIELDS

WILLIAMSON, W. Va.—The battalion of federal soldiers on duty in the Mingo county coal fields since the strike of miners called three months ago has been withdrawn. Twenty-five troopers of the West Virginia constabulary arrived Friday to take their places. An additional detachment is expected later.

Icings with "that Chocolaty Taste!"

YOU'll never know just how delicious your icings can be until you make them with Runkel's All-Purpose Cocoa! Glossy and firm on the cake—they melt in your mouth.

Try this Easy Icing Recipe

Beat an egg until light and fluffy, add one teaspoonful of cream of tartar and slowly sift in one cupful of confectioner's sugar until the filling is stiff enough to spread. Add one teaspoonful of vanilla. Melt six tablespoonfuls of Runkel's All-Purpose Cocoa with two tablespoonfuls of butter and add both to the sugar and egg-white. Beat well. If frosting seems soft, place bowl in top of double boiler and cook for a moment, stirring constantly until thick enough to spread.

A Bookful of Easy Recipes

The above and a hundred other delicious cocoa recipes ranging from Runkel's Afternoon "Tease" to Runkel Egg Nog are in "The New Cocoa Cookery"—the complete Runkel handbook that takes you through magic Runkel-land where there is no chocolate to grate, no loss of flavor, no baking failures. Your copy of this book will be sent on request.

WISCONSIN LEAVES IN SHAPE TO TRIM GOPHER GRID CREW

Minnesota's Hopeless Position in Conference Causes Slack Interest in Game

CAPT. "RED" WESTON WILL NOT APPEAR IN LINE-UP

Cardinals Confident of Victory in Homecoming Contest

MADISON, Wis.—The Wisconsin football team left for Minneapolis today feeling confident of victory over the Gopher eleven in tomorrow's game. This annual struggle between two traditional rivals is not drawing as keen a student interest as contests of previous years, because of Minnesota's hopeless position in the conference race after three consecutive defeats.

Coach Richards and the Cardinal team are not over-confident of victory despite the apparently favoring odds. Minnesota in the past demonstrated her ability to come back for a heartbreaking victory when Wisconsin is to be reckoned with. She is known to be anxious for at least one victory on the home field, with the game tomorrow furnishing the greatest hope.

Take No Chances

Wisconsin is taking no chances. Last week the coaches put the team through a light practice to keep the men in condition and spent most of the time preparing to meet the famous Minnesota shift which Coach Richards has been successful in breaking up in previous years.

This week the team was given harder workouts with the second team scrimmaging with Gopher plays. After two weeks of preparation and with one week of needed rest, the whole team, with the exception of the ends, is ready for the contest. Capt. "Red" Weston at end will be out of the game unless an emergency arises in which he will be needed. Tebell, the other wing man, is out for the rest of the season, it is thought.

Capt. Weston Out

Sundt, fullback, Holmes, halfback, and Elliott, halfback, who were temporarily disabled as the result of minor injuries received at Ohio, are in top shape, it is said. Sundt is a powerful line plunger and a kicker equal to any in the conference. His loss in the Ohio game was responsible, it is claimed, for much of the ground loss, inasmuch as the Badgers were left without any power in punting. Without Capt. Weston the Badgers are somewhat handicapped. His ability as a judge of opponents' play on the defensive, is recognized throughout the conference and last year his offensive playing, especially in the forward passing game, made him the choice of many for a position on the All-Western team. A serious injury to his knee will keep him out until the Illinois game, the coach says.

No Chance For Title

There is no longer any thought of a championship around the school here, students say. Ohio's victory over Chicago and the defeat of Minnesota by Illinois dimmed any hope of the Badgers. Eight years of waiting for a championship team have not brought it to pass, students say, and the chances of next year are now being counted.

Victory in all remaining games is confidentially looked for, students say, feeling that their team can beat Minnesota. Illinois comes to play before what is expected to be a record homecoming crowd and Badger teams seldom have lost on such occasions. They are also claiming that the Badgers will defeat Chicago in the final contest. Coach Richards has declared and the students feel that the team this year is the most powerful since 1912. The backfield on offense is a consistent ground gainer. Barr at quarter is exceptionally able at forward passing and the team could do better at this method of attack if their ends were in condition. Elliott is outstanding on end runs, while Sundt, in kicking and line-plunging, is rated with the best, in the opinion of the coaches.

ELKS' BOWLING LEAGUE

Hart topping them with a total of 460, the Bedmakers rolled three straight away from the Builders in the Elks' bowling events at the Lotus alleys Thursday night. Savage totaled 479 pins for the Builders.

The Sharks took three from the Pioneers, winning the third game by the narrow margin of one pin. Bonadurer rolled for a total of 584 pins, while Orton, member of the Pioneers, made 549.

But--Running On Cold Day In B. V. D'S--Too Much Says Badger Co-Ed

MADISON, Wis.,— Running five miles a day in order to keep in condition for cross-country running has its drawbacks in the eyes of the average student, who finds a hasty walk up the university hill to an eight o'clock class over-exerting, but the team is saying that the life isn't all grim work.

Two sympathetic co-eds noticed the bare-legged runners trotting over the hill recently and were immediately attracted.

"Hazing may be all right and freshmen probably deserve it," the men heard one of the girls say as they were drawing near. "But," she said as they passed," this thing of making the poor fellows run up the hill on a cold day like this with nothing on but their underwear is going too far. Something should be done about it."

The team is wondering if she isn't right after all, despite their chance for a bit of momentary mirth.

LOCALS OPTIMISTIC OVER ST. PAUL MIX HERE ON SATURDAY

Red and Black Halfback and End Out of Line-up Against St. Paul Centrals

TEAMS HAVE EVEN BREAK ON DEFEATS THIS SEASON

Game is Fourth Played With Central Aggregation

A wave of optimism over the outcome of the St. Paul-La Crosse football game here Saturday is sweeping the halls of the local high school as a result of the announcement that neither Mueller, star fullback, or Murray, stellar end, would be in the lineup when the team takes the field against the St. Paul aggregation Saturday afternoon. It is also very probable that C. Stokke will not be found in his guard position.

These men are nursing injuries sustained in the Winona game and it is thought that the trio will remain on the bench until next week.

The previous games with the St. Paul Central eleven have been thrillers from start to finish and judging from the record of the two teams thus far this season, the match Saturday will not be an exception. St. Paul has lost but one game this season, as has La Crosse. The Centrals put up a good fight against the Shattuck Military academy, however. The academy is conceded to be a little above the high school rating. St. Paul has defeated Duluth, as well as several other northern schools, and in their first adventure outside of the state, they have hopes of emerging with a win.

La Crosse's defeat at Chippewa Falls is the only exception to their clean record this year.

Even Break

The first game played with the Central highs in 1915 to decide the championship of the two Dakotas, Minnesota and Wisconsin, resulted in a scoreless tie. The second meeting staged in 1916 ended in a La Crosse defeat. The third game, however, terminated in a decisive victory for the local high school by a score of 20 to 0, giving the two schools an even break in defeats and victories.

Bringing the St. Paul eleven here Saturday calls for a heavy sheet and every football enthusiast in the city is urged to turn out in support of the school.

CONTRACT SIGNED TODAY FOR GEORGES AND DEMPSEY BOUT

NEW YORK.—Final details of the contract for the proposed world's heavyweight boxing championship bout between Jack Dempsey and Georges Carpentier will be signed late today. Dempsey and his manager, Jack Kearns, were expected to arrive from Canada during the day.

Carpentier and his manager, Frances Descamps, plan to sail for France tomorrow.

The first passenger tram was laid in New York in 1832, but was abandoned.

LA CROSSE NORMAL MEETS BREWERS ON GRIDIRON TODAY

Coach Kecler and his football eleven left last night at 8:15 for Milwaukee for the annual gridiron clash with Coach Downer's squad in that city. To defeat La Crosse has always been the main objective of Coach Downer, of the Milwaukee normal, and although his team is comparatively light this year, the locals anticipate a hard fight. The game wil be played Friday afternoon.

MAJOR LEAGUE CLUB OWNERS TO POSTPONE SESSION--JOHNSON

President Calls Meeting of A. L. Club Owners in Chicago for Monday

CHICAGO, Ill. — President Ban Johnson of the American league today intimated there will be no joint session of the major league club owners in Chicago Monday.

Johnson's stand was taken to be his reply to reports from New York that President Heydler of the National league had issued a second invitation to the American league executive and to the "loyal five" club owners supporting Johnson to join with the National league and the Chicago, New York and Boston American league clubs in session here Monday.

President Johnson yesterday issued a call for a meeting of all club owners of the American league to be here Monday.

It was expected today that discussion will arise at the meeting dealing with consideration of plans to reorganize the national pastime.

Johnson's forces, consisting of Cleveland, St. Louis, Detroit, Washington and Philadelphia clubs, while agreed that a change in baseball laws is necessary in the light of the recent scandal expose, object to the feature of the Lasker plan of baseball reorganization which calls for a governing body of disinterested parties to schedule the present national commission.

Beginning tomorrow Chicago will be the center of the expected unravelling of the baseball situation. A special meeting of the National league club owners has been called for that day by President Heydler. The joint meeting Monday afternoon of National and American league club owners and managers will spend Monday in Chicago and Tuesday the storm center will move to Kansas City, where the National association meets in the biggest and most important meeting in the history of the minor associations.

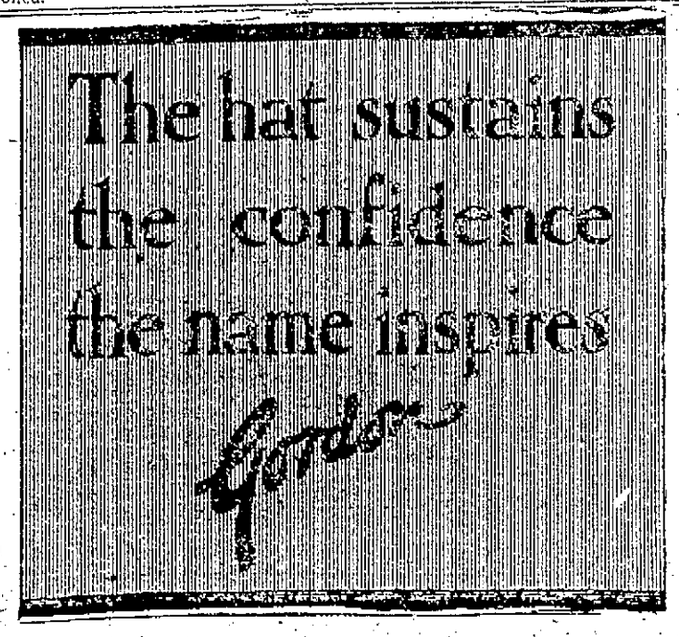
APPLETON AFTER WINNING TEAMS

APPLETON, Wis.—Appleton High school challenges any undefeated high school football team in the state. Appleton has the following dates open: Armistice day, November 11, November 20 and Thanksgiving day, November 25, and would like to close these dates by playing any undefeated team at Appleton. Appleton has played Madison at Madison for two years, now why doesn't Madison come out of their hole and play here. Appleton's record follows:

Kaukauna, 0; Appleton, 20.
Wausau, 7; Appleton, 25.
West Green Bay, 6; Appleton, 27.
Sheboygan, 0; Appleton, 41.
Marinette, 0; Appleton, 13.
Waterloo, 6; Appleton, 48.

We hope teams having championship aspirations will meet this challenge.

SACRAMENTO.—Boxing has been reopened at Sacramento with a new code which calls for the boxers to use soft tape on their hands and limits seconds to one per fighter.



DUAL EVENT WITH BADGERS ON GOPHER HOMECOMING CARD

Cross-Country Team from Madison to Meet Gophers on Day of Football Clash

MADISON, Wis. —Wisconsin and Minnesota tomorrow will engage in a dual athletic battle at Minneapolis, with the Badger fans at home counting on a double victory. The cross-country team left today with the football players and will meet the Gopher runners at 11:15 o'clock tomorrow morning on a five mile course.

Minnesota is claiming a strong group of distance men this year. Her claims hardly rival those of the local runners it is claimed though, since their defeat of Chicago last Saturday 19 to 36 when only one of the Maroon runners finished before the last of the Badgers. It will be the first race for Minnesota.

The Minnesota team has three veterans to count on today, Capt. Kenneth Moon placed well up in the conference last year. Merle Swetzer and W. M. Winter are experienced men. Other members of the team will be Andrew Hoverstad, Edward Gaumnitz and Joseph Leider.

Wisconsin has been a consistent placer in conference cross-country meets. It won the conference title last year, but lost to Ames for the western title. The team this year is in shape to come through for another victory, according to its followers. Purdue, with several veterans, is classed as its strongest rival.

Since the eleventh century ink has been made from an iron salt and tannin.

WHAT'S YOUR HURRY

Makes Shaving a Joy

Delicine takes away that smarting and sting. Clean scented and healing its effect is delightfully cooling and soothing. And it leaves no unpleasant stickiness.

Delicine is not like an ordinary hand lotion. It was first made and used by a physician as an antiseptic curative lotion. It combines soothing, cooling properties with those of a mild but effective germicide.

And for women—
Heals chapped hands
Softens the skin
Excellent before powdering

Yes, the Time Has Come

The high price regime must end. We intend to aid you in its overthrow. That is why we announce this new policy. It is not a sale—it has no definite time limit. We will continue it as long as your co-operation permits us.

We cannot indefinitely continue to conduct this policy at the loss it is sure to entail.

But we hope that our action will accomplish its share in a price revision. We hope to prove to the producer that his present problems may be overcome by increased volume. We hope it will permit the restoration of merchandise costs to a plane which will enable us to continue our decreased selling prices at a legitimate profit to us. The success of our efforts remains to be seen.

The task, however, can be faced with a stouter heart if we have your co-operation, your appreciation and your encouragement.

THE CONTINENTAL

THERE is nothing reserved in this store, gentlemen—bear in mind that every article in this store is fresh from the market. It is our Fall and Winter stock. Every suit, every overcoat, every hat, every shirt, every article in this store, is of current style and it is the regular run of merchandise which has featured this store since it began business. You well know our quality. We carry nothing but standard brands.

If you really realize the spirit behind this endeavor, we believe you will lend your good support. The sacrifice is entirely ours but we are willing to stand the loss of profit for the time being—and in the end will be undoubtedly the gainer. We will have gained your patronage for the better times to come.

CAPITOL'S CAPACITY TAXED TO CARE FOR THE OFFICE HOLDERS

Two Office Barracks to be Erected on Capitol Grounds at Madison

MADISON, Wis.—Wisconsin's new $7,200,000 capitol building is already overcrowded and to take care of the offices which will be crowded out of the capitol by the coming of the legislature in January two large barracks buildings will be erected on the capitol grounds at the East Washington Ave. entrance. These two barracks will house forty offices. Construction will start immediately. Capitol officials have been unable to rent offices in Madison for the different departments.

It is probable at the coming session of the legislature that some plans will be made for the erection of a capitol administration building. It was once voted to erect such a building in Milwaukee to take care of the capitol offices there. The crowding of the present capitol at Madison will place this problem squarely before the legislature and it is probable that plans for some new building will be authorized.

The two barracks which are to be temporary affairs are necessitated by reason of the fact that it has been impossible to rent office space in Madison. The legislative committee rooms have been use for 2 years by different departments. In January the legislature will again need these rooms. The barracks are to be 200 feet long and 40 feet wide. Each will contain 20 rooms. Each room in the barracks will be 15 by 20 feet. The heating tunnel of the capitol enters the ground at the East Washington Ave. entrance and the barracks will be heated direct from the capitol heating tunnel.

COMPLAINS ABOUT HEN OWNERS' UNION

DALLAS.—Dallas has a hen owners' union. Cassie Thorp, negress, complained that neighbors let chickens run loose in her yard. "Have 'em arrested," advised the city prosecutor. "Tain't no use," said Cassie," as fast as you do that another member turns his loose to get even."

Natural Grace

One of the ambitions of our young life has been realized at last. We have just seen a newspaper picture of a tennis player without one foot in the air. These are certainly revolutionary times.—Denver Times.

BEAVERS HOLD UP ROAD CONSTRUCTION IN BAYFIELD COUNTY

Colony of Diggers Undermining Swamp Road Killed off by State Agents

MADISON, Wis.—Wisconsin is not a frontier state, with her every county laced by railroads and finely made highways, but there still remain many killings, in the northern part of the state especially, to remind us that we are not far removed from the days of the pioneers.

Within the past six weeks a crew of the Wisconsin Highway Commission was engaged in grading and ditching a road through the Bibon marsh in Bayfield County. Every few days the crew would find sections of the deep ditch being dug on either side of the roadway filled up by a colony of beavers, and the dams the animals were constructing would back the water on the highway, thus retarding greatly the work.

After several weeks of wasted effort in trying to repair the damage done by the industrious little animals, the Highway Commission was obliged to ask permission of the Conservation Commission to kill off the beavers in order that the three miles of swamp road could be completed. The colony was destroyed under the direction of two conservation wardens.

PROBE OF ELECTION FRAUDS OPENED BY NEW YORK OFFICER

NEW YORK.—District Attorney Edward Swann Friday began investigation of alleged election frauds. As a result of finding twenty-six marked ballots yesterday in sewers of the thirteenth election district of the fourth assembly district, Mr. Swann summoned the election officials of that district.

Investigation of alleged fraud in Harlem also was begun. It was reported that in some of the districts more ballots were returned than there were registered voters.

Needless Scare

Mathematical error is said to have "caused" 1,000 additional killings in Haiti. Josephus should equip his marines with adding machines.—Richmond Times-Dispatch.

Great Britain began to abandon tariffs in favor of free trade in 1824.

HARDING ELECTION TRIUMPH DECLARE PARIS NEWSPAPERS

PARIS.—Newspapers here give great prominence to reports of the American election. They declare the election of Senator Harding was a triumph, give high praise to his personality and recall he has always asserted great sympathy for France.

Editors assert this situation has "completely paralyzed American international policy," and express the conviction that the result of the election will in no way prejudice France-American friendship.

"By his love of order and the brightness of his character," declares the Matin, "Senator Harding deserves the confidence of the French people."

Hope is expressed by the Echo de Paris that "the discussion which will be started on relations between the United States and the league of nations will provide occasion to repair some of the faults committed at Versailles."

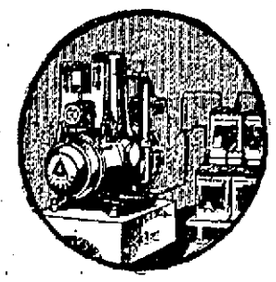
Both Sides of the Question

Some folks not only want what's right, but what's left.—El Paso Herald.

PARISIAN BANDITS STEALING SUGA

PARIS.—Sweet toothed [illegible] here are stealing sugar wholesale. With a state railway rubber stamp and supply of marketing tags they simply changed the addresses on cars of sugar, had them side tracked and unloaded at leisure. Haven't caught 'em yet.

Flowers of the tea plant sometimes resemble those of the strawberry plant.



The Complete Farm Electric Plant

When you put Delco-Light on your farm you install complete electric service—electricity for light and electricity for power. It will multiply man-power and save both time and labor. It will lessen the labors of the busy housewife.

Bread--A "Square Meal"

Do you realize that Bread has been man's **best** food since way back in the stone age?

Bread is nature's guarantee of a **"square meal."**

A wholesome loaf of Bread contains every element necessary to keep your body well-nourished and in glowing health.

No other food, regardless of cost, can compare with Bread as a well-balanced, nourishing food for the "human engine."

Bread repairs broken-down tissues and supplies young and old with human driving power—the abounding energy we call health.

Because of Bread's varied food-qualities it supplies the missing elements in other foods and makes every meal a "square meal."

And remember, Bread is your most economical food—the only economical food today.

Give Bread the place it deserves on your table. Make it your Staff of Life and you will gain in health and purse.

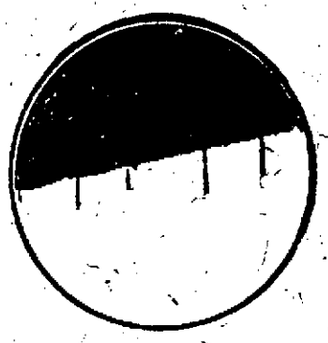
La Crosse Bread is Bread at its best — always wholesome, tempting and highly nutritious. Eat it—

Two Slices for One

Bread is Your Best Food

EAT MORE OF IT.

Seen under a powerful magnifying glass an unstropped razor blade looks like a saw edge



Stropping keeps the tiny teeth of the blade in perfect alignment—provides a smooth, keen edge for every shave

A safety razor and stropping device combined in one

YOUR *own* particular shaving difficulty—doesn't it really revert to a dulling razor blade?

That annoying pull when the razor fails to cut cleanly—the painful scraping that often results when you bear down too hard—the bother and expense of putting in a new blade every so often—*all* these troubles can be traced directly to a razor blade that has lost its first keen edge.

No shaving edge can keep its original keenness for more than a few shaves—not without stropping.

Stropping—that's the real secret of shaving comfort!

Look at a razor edge under a microscope and you will see hundreds of tiny saw teeth. More than 1500 of these teeth have been counted on an ordinary safety razor blade. Shaving bends these saw teeth out of line, makes them *irregular*. These irregular teeth catch in the beard, pull the tiny hair follicles and scrape the skin. That's what usually makes shaving so unpleasant, so annoying.

You don't *need* to put up with the discomfort of fast dulling blades—nor with the bother and expense of putting in a blade every so often. You can insure a fresh, keen edge for every shave if you use the AutoStrop Razor.

Like the leaf of a book

The AutoStrop Razor blade opens for cleaning like the leaf of a book. To clean, simply rinse and dry. No parts to unscrew—nothing to take apart and reassemble. The same lever that releases the blade adjusts it for close or medium shaving.

You can shave in 3 minutes

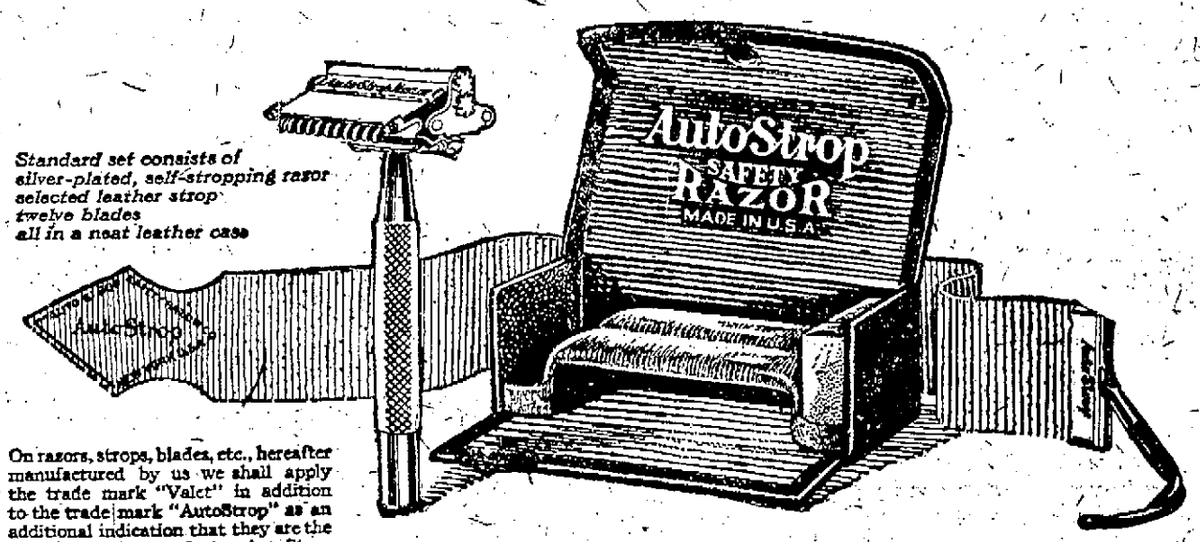
In 10 seconds you can renew the fine, keen edge of the AutoStrop Razor blade. It takes less than half a minute to dry the razor after using. With the AutoStrop Razor you can get a complete shave—cool and comfortable—all in 3 minutes' time.

A new, sharp, shaving edge every day

Built right into the frame of the AutoStrop Razor is a remarkable self-stropping device—simple and efficient—which renews the fine, keen edge of the AutoStrop blade day after day.

You don't have to take the razor apart nor even remove the blade. Just slip the strop through the razor head, and move the razor back and forth along the strop. In 10 seconds you have a new, sharp, shaving edge. 500 cool, comfortable shaves are *guaranteed* from every dozen AutoStrop blades.

Don't put up any longer with the pull and scrape of unstropped blades. Begin tomorrow to get the comfort of a "new," sharp, shaving edge every morning. Ask your dealer about the AutoStrop Razor trial plan.



Standard set consists of silver-plated, self-stropping razor selected leather strop twelve blades all in a neat leather case

On razors, strops, blades, etc., hereafter manufactured by us we shall apply the trade mark "Valet" in addition to the trade mark "AutoStrop" as an additional indication that they are the genuine products of the AutoStrop Safety Razor Co., New York.

Auto Strop Razor—*sharpens itself*

KANSAS MAY BECOME GREAT PRODUCER OF STRAW-MOTOR FUEL

Experiments Show Combustible Gas Can be Produced from Wheat Straw

TOPEKA, Kan.—Kansas, now the greatest wheat producing state, may become the greatest manufacturer of motor fuel from wheat straw, thus adding to the farmer's income and utilizing a product of the soil which now is virtually wasted, according to J. C. Mohler, secretary of the state board of agriculture.

Based on estimates of the United States department of agriculture that one ton of wheat straw will produce the equivalent of forty gallons of gasoline, Kansas in 1919—with an acreage of 41,640,000—could have produced the equivalent of 46,560,000 gallons, according to Secretary Mohler.

Experiments made by the federal department show, Mr. Mohler said, that a combustible gas can be obtained from the destructive distillation of wheat straw. This new product has been used for operating an automobile, for illuminating purposes and for cooking, and tests are in progress to determine its exact value and cost of production.

"If these experiments turn out satisfactorily," said Mr. Mohler, "it may not be many years before every farmer will throw the straw from his threshing machine into a still, from which he can draw all the fuel he will require to operate his farm machinery.

Farm experts have estimated that enough wheat straw is going to waste west of the Mississippi river alone to produce in new fuel the equivalent of one-fifth the driving power of all gasoline now manufactured. Experiments so far have extended only to wheat straw. Corn stalks are said to be richer in carbon than wheat straw, and if they can be used, fuel more than equal to all the gasoline now produced can be manufactured, it is believed.

"Some geologists have predicted a serious shortage of gasoline in the next few years because of increasing demand for motor vehicles and machinery," said Mr. Mohler. "This new gas may solve the problem of how power and transportation are to go on if the shortage becomes a reality. Whether or not this new product will be commercially valuable depends, of course, on whether the cost of production can be made low enough. The value of the product at present gasoline prices would be about $12 an acre."

Kissing the hands of great men was a Grecian custom.

Romans in the time of the Tarquins wore gemmed rings.

NEXT GOOD SHOW AT LOCAL THEATER

"Three Wise Fools," Austin Strong's brilliant comedy, and noted above all else for the high standard of its acting, comes to the La Crosse theater Thursday, Nov. 18.

This delightful play has achieved a record equalled by few. In New York it ran for 333 consecutive performances, establishing a record for the Criterion theater. During that time it was successfully presented in London, in Australia and in Honolulu, as well. In this country it is still establishing new records. Both Chicago and Boston gave the play record patronage on return engagement, something unique, but demonstrating the drawing power of the attraction.

John Golden, the producer, is not a believer in No. 2 companies, so local theater-goers are to see "Three Wise Fools" with the same company that established the New York and Chicago records. Claude Gillingwater, Harry Davenport, Howard Gould, Donald Foster, Hazel Sexton, Millard Vincent, Wallace Fortune, Minnie Remaley, Harry Leighton, Herbert Saunders and George Harcourt form, what critics claim to be a "perfect cast."

I am fond of dogs, and one day while out walking I saw a little dog, thin and forlorn looking. I picked it up, intending to take it home and feed it. Just then a young man stepped up to me and said: "Pardon me, madam, but won't you please give me my dog?"

FIVE OF TENNESSEE'S SEATS IN CONGRESS GO TO REPUBLICANS

Harding Lead in Southern State Estimated at Ten Thousand Votes

MEMPHIS, Tenn.—With Tennessee definitely in the republican electoral column, returns gathered by newspapers indicated Friday that the republicans had captured five of the state's ten seats in the lower house of congress. Two members of Tennessee's present congressional delegation are republicans.

In the Fourth district, on the face of returns, still incomplete, W. F. Clouse, republican, was leading Representative Cordell Hull, democratic national committeeman from Tennessee, by less than 300 votes. Incomplete tabulation in the Eighth district gives Lon A. Scott, republican, a slight lead over Gordon Browning, democrat.

The election in the Third district of Joseph Brown, republican, over John A. Moon, democratic incumbent, has been conceded by the democrats, while in the first and second districts republicans were elected. Both districts at present are represented in congress by republicans.

In returns from practically the entire state, Senator Hard ng leads Governor Cox by approximately 10,000 votes wh le the majority of Alf Taylor republican candidate for governor, over Governor Roberts, democrat, was nearly 40,000.

The hilly Eifel region of Germany has many extinct volcanoes.

BOTH SIDES HAPPY OVER MULBERGER ACT REFERENDUM

Wisconsin's overwhelming indorsement of the Mulberger act is being hailed with delight both in the "wet" and "dry" camps here.

The Anti-saloon league on Thursday claimed it as a great victory for their cause. So did the Camels, avowed foes of prohibition. Both sides celebrated and everyone was happy.

The dry forces interpret ratification of the law to mean that the Wisconsin electorate wants the lid clamped down tight, with the state government co-operating more closely with the federal prohibition enforcement of the act Wisconsin's unqualified approval of the Volstead law.

"The principle, not the provisions of the Mulberger act, is the big thing involved," Claude Deigle, secretary of the Camels, said in Milwaukee. "The referendum was the only means which the Wisconsin public has had to voice its sentiment against the prohibition law and the vote in every part of the state shows the protest to be general.

Heals Running Sores and Conquers Piles

Also Stops All Itching of Eczema Almost Immediately

"I felt it my duty to write you a letter of thanks for your wonderful Peterson's Ointment. I had a running sore on my left leg for one year. I began to use Peterson's Ointment three weeks ago and now it is healed."—A. C. Gilbrath, 703 Reed Street, Erie, Pa.

I'd rather get a letter like that says Peterson of Buffalo, than have John D. Rockefeller give me a thousand dollars. It does me a lot of good to be able to be of use to my fellow man.

For years I have been selling through druggists a large box of PETERSON'S OINTMENT for 35 cents. The healing power in this ointment is marvelous. Eczema goes in a few days. Old sores heal up like magic; piles that other remedies do not seem to even relieve are speedily conquered.

It stops chafing in five minutes and for scalds and burns it is simply wonderful. Mail orders filled by Peterson Ointment Co., Inc., Buffalo, N. Y.

ANDERSON GIVEN HUGE MAJORITY FOR CONGRESSMAN

Congressman Sydney Anderson was on Tuesday re-elected to congress from the First Minnesota district by a majority of 27,660 votes. Mr. Anderson receiving 45,228 votes to 17,568 give nto J. J. Reiter of Rochester, who opposed him. The returns this morning practically complete from the district with only a few scattered precincts missing showed this result according to the tabulation made by Mr. Anderson.

Mr. Anderson carried every county in the First district by very substantial majorities, Winona, Fillmore and Freeborn counties being those giving him the largest vote.

Not So Bad After All

"Some of our greatest men studied by the light of a log fire."

"It isn't such a bad light," observed Mr. Growcher. "It has an advantage of not entitling anybody to send a bill and then turn the light off if you forget to pay."—Washington Star.

Faces of Hindu women are veiled.

TROUT LAKE MAN IS NAMED FOREST RANGER OF STATE

MADISON, Wis.—P. C. Christiansen of Trout Lake has been appointed chief ranger of the state forestry department to succeed E. M. Weaver, who was lately assigned to a position in the conservation department. The appointment was made by the Wisconsin Conservation commission. For several years Mr. Christiansen has been in supervision of the forestry department's nursery at Trout Lake and is thoroughly familiar with the duties of chief ranger. Trout Lake will continue to be his headquarters.

DEAF MUTES MARRIED, DIVORCED, REMARRIED

DALLAS.—C. M. Wilson and Neva Wilson got together and talked things over on their hands. Then they decided to try matrimony again. Judge Sam Barnett remarried them after they had been wedded and divorced. Both are deaf mutes.

Lions existed in Europe a thousand years ago.

Nasty Colds Ease at Once

First dose of "Pape's Cold Compound" relieves distress—Three doses break up colds—No quinine!

Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a cold and ends all grippe misery.

The first dose opens clogged-up nostrils and air passages of head; stops nose running; relieves headache, dullness, feverishness, sneezing, soreness stiffness.

"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance. Tastes n'ce. Contains no quinine. Insist on Pape's.

AT THE BIJOU TODAY AND SATURDAY

— Priscilla Dean IN THE UNIVERSAL—JEWEL MASTER PRODUCTION "The Virgin of Stamboul."

such distinct advantage and he gives a character interpretation which impresses itself indelibly upon every mind. The play which has been provided for him is in many ways masterly in construction and the manner in which it has been arranged to maintain an unbroken suspense from beginning to end offers further proof that the men who are preparing the screen material of today are making rapid strides to the goal of real literature of the sort which appeals to all classes without offending the intellect of anyone.

The supporting cast includes Gypsy O'Brien, in the leading feminine part, who excites admiration as she builds up her character in such a way as to have the whole sympathy throughout. Ralph Kellard as the marked district attorney, upon whom the "master" mind" seeks to heap his vengeance, is most convincing and gives a credible performance. Bradley Barker, Charles Brandt, Marie Shotwell and Charles Edwards in the lesser roles are happily cast. The photography and the direction are a revelation and is a credit to the producer.

"An Overall Hero," with Alexander, the trained monk, furnishes the laughter on the bill. It is one of the best comedies of this series.

RIVIERA

"The Adorable Savage," starring Edith Roberts, a story of the South Sea Isles, will be the attraction at the Riviera today.

The story deals with the adventures of a daughter of a planter of the Isles educated in America, who returns to her father and learns that her mother was a native of the island. Torn with grief, she decided to live the life of a native. At this time her American sweetheart arrives, and the thrilling fight between the American and the native king, who is also in love with her, brings about a thrilling climax.

"Mary's Little Lobster," a Fox Sunshine comedy, will furnish the laughter on the program. Chester Wright will render an organ solo, and also a good musical program for the picture.

CASINO

"The Son of Tarzan," a serial by Edgar Rice Burroughs, will have its opening at the Casino today. The story is along the same lines as Mr. Burroughs' celebrated story, "Tarzan of the Apes," only dealing with the adventures of his venturesome son. It is considered one of the most costly serials ever made and, is also the most interesting. It is not an improbable serial as most of them are, but is based on facts.

MAJESTIC

It is a happy coincidence that Thomas Meighan, whose love for children is well known out in California movie colony, should have been chosen to play the hero in "The Prince Chap," a screen adaptation of Edward Peple's stage success of the same name, now playing at the Majestic.

The heroine Claudia in "The Prince Chap," first appears as a child of four years. This role is charmingly enacted by Peaches Jackson. Claudia at the age of eight is interpreted by May Giracci, a little dusky beauty from Italy. And Claudia, budding into glorious womanhood, finds an attractive counterpart on the screen in Lila Lee.

"I never had a better time," laughed Mr. Meighan recently, "and I never got along with a leading woman so well as I did with my [illegible] in "The Prince Chap."

The story is laid in London's artists' colony and strikes a deep human note unusual in photoplays.

Strand—J. Warren Kerrigan in "No. 99."

BIJOU

A photoplay of extraordinary beauty and grandeur opens at the Bijou today, "The Virgin of Stamboul," starring Priscilla Dean. It is one of the biggest pictures produced this season, costing over a half million dollars and six months consumed in the making.

Miss Dean plays the role of Sari, a beautiful beggar girl on the streets of Stamboul. Captain Pemberton, a dashing young American soldier of fortune, in command of the Black Horse troop, falls in love with her. At the same time, Achmet Hamid, a powerful Sheik of the desert, plans to kill a young American in love with his favorite wife. Following him to the Mosque, he stabs him in the back, but is seen by Sari. Realizing the fact, the sheik plans to marry her to protect himself. Pemberton learns of the marriage plot and is able to marry Sari himself by proxy under the Turkish law. Discovering the trick, the sheik kidnaps them both and immures them in his desert home. Sari escapes and brings the Black Horse troop to the rescue in time to see Pemberton victor over the sheik in a tremendous struggle.

A cast of unusual merit supports Miss Dean, including Wheeler Oakman, Wallace Beery, Edward Burns, Eugenia Forde and E. A. Warren.

RIVOLI

There is a real screen triumph at the Rivoli the last half of the week. At the opening performance last evening the audiences were held spellbound. This quite unusual performance is Lionel Barrymore, in "The Master Mind," a photodramatic production of the celebrated stage play, and far excels nine out of every ten pictures shown. Never before has Mr. Barrymore been seen in a role to

ROAD AMENDMENT IN GOPHER STATE ASSURED BIG LEAD

Votes for Measure Exceed Opposition by 207,843 in 1923 Precincts

MINNEAPOLIS.—Amendment No. 1, the good roads constitutional amendment, apparently was in high favor with Minnesota voters, and returns indicate a safe majority.

In 1,923 precincts the vote stands: Yes, 336,550; no, 128,707.

This is a total of more than 460,000 votes cast on the amendment, indicating that comparatively few blank ballots were cast. There are 1,300 precincts to hear from, many of which are expected to show hostile majorities. The margin, however, appears safe for the amendment.

Pike's Time Had Come

While fishing near Altoona, Pa., John Isett hooked a monster pike, but it broke the line and got away. So far, that is the usual fish story, but this one has a different sequel. Next day Mr. Isett was fishing in the same place, when a fellow-follower of Izaak Walton successfully landed the pike that got away from Isett, hook, line and all.

In the Morning Papers

A Summary of the News

CORK.—Deputy Lord Mayor O'Callaghan has been elected lord mayor in succession to the late Terence MacSwiney.

SPRINGFIELD, Mass.—The first labor college in this country was opened in the Technical High school with a registration of twenty.

GUAYAQUIL, Ecuador.—Elia Liut, an Italian aviator, made the first flight over the equatorial Andes, a distance of about 120 miles, reaching 19,000 feet altitude.

SEATTLE, Wash.—Carnation Segis Prospect, Carnation Stock farms, has established a new world's record for milk production of 33,469 pounds of milk in 318 days.

The usual remedy for a nettle sting is to apply to the affected part a crushed dock leaf, usually to be found in the vicinity of nettles.

CENTRAL POWERS SEEK ADMISSION TO WORLD LEAGUE

PARIS.—Application for membership in the league of nations will be made at the meeting of the assembly of the league at Geneva this month on behalf of not only Germany, but of Austria, according to information here. Bulgaria, it is learned, will make a direct application.

It is understood the applications for Germany and Austria will both be made by neutrals.

Before teak wood is fit for use, thorough seasoning and drying are essential.

LEAGUE MEETING TO DISCUSS THE USE OF ECONOMIC BLOCKADE

Question to Come Before League Assembly at Meeting in November

PROVISION OF SPECIAL INTEREST TO THE U. S.

Blockade Can be Used Against Non-Member Nations

NEW YORK.—One of the most important questions to be considered by the Assembly of the League of Nations at its first meeting, beginning November 15, at Geneva, will be the preparations required to enable the League to use, if necessity arises, the weapon of the international economic and financial blockade contemplated in Article XVI of the Covenant.

A memorandum by Sir Eric Drummond, the Secretary General, now being distributed to the members of the League, and received here by the League to Enforce Peace, shows that this question will come before the Assembly, on the recommendation of the League Council in the form of a proposal to appoint a body to be known as the International Blockade Commission. The Secretary-General suggests that this commission consist of representatives nominated by the countries entitled to permanent membership in the Council, with the addition of representatives of four other members of the League selected by the Assembly, for the purpose of studying the problem and settling the general plan of action, the organization of the more permanent machinery required and the principles on which it should work.

This question is of peculiar interto the United States, because one of the first problems such a commission would consider promises to be the method of rendering a blockade effective against states which are not members of the League. In a report adopted by the Council of the League at the San Sebastian meeting in August, M. Tittoni, the Italian representative, stated: "It should be clear that the states members of the League of Nations who declare the blockade have the right to render it effective against all states including those who are not members of the League, but they have no right to force the states who do not form part of the League to declare the blockade themselves."

Article XVI provides that, should any member of the League resort to war in disregard of its covenants, all the other members shall "undertake immediately to subject it to the severance of all trade or financial relations and the prevention of all financial, commercial or personal intercourse between the nationals of the covenant-breaking state and the nationals of any other state whether a member of the League or not" and that the members shall mutually support one another in the financial and economic measures taken under this article.

"The use of this weapon," says the Secretary-General, "is in certain circumstances a specific duty imposed by Article XVI. This duty cannot be effectively carried out without great loss of time and efficiency unless there has been considerable previous preparation before the time at which the action is required.

"Situations might well arise in which the knowledge that the weapon is ready for use would have a very salutary effect. Many people think that the League is founded more upon good intentions than upon a cool consideration of the stern realities of international trouble. It is, therefore desirable on general grounds that while the first meetings of the Council and the Assembly should give the world the positive hope of removing misunderstandings and promoting international co-operation, they should also show quite clearly that the members of the League as a whole are determined, if necessity arises, to enforce their will by effective action on any particular country which in the circumstances contemplated by the covenant defies the general verdict of the world."

The memorandum calls attention to one important difference between the two forms of pressure (economic and military) which the League may use, as follows: "Where a member of the League resorts to war in disregard of specified covenants, all other members of the League are by the covenant itself specifically obliged to apply the economic weapon. They are not similarly obliged to use their military or naval forces. In the latter case, the Article (XVI) only provides that it shall be the duty of the Council in such cases to recommend to the several governments concerned what effective military or naval forces they shall severally contribute."

The Secretary-General is of the opinion that the Article clearly contemplates that, so far as possible, "the responsibility for enforcing economic pressure shall be decentralized, i. e., a primary responsibility rests upon each government to take action so far as its own nationals and own national machinery are concerned, arrangements being made by each of them separately and not by a single international authority."

At the same time, he concludes that a central co-ordinating authority will be required if the weapon of economic pressure is to be efficiently used.

A number of discarded airplane engines are in use in various industrial establishments of London doing plebian power duty.

AIR MAIL SERVICE TO COPY LOCKLEAR'S ACROBATIC STUNTS

Sacks of Mail or Pilots to be Transferred from One Plane to Another in the Air

CHICAGO.—The reckless aerial acrobatics with which Omer Locklear startled the world until they resulted in his death recently in California have not been in vain, according to air mailservice officials here, for they report Locklear's "stunts" have opened the way for important developments in commercial aviation.

Locklear's stunt of changing from one plane to another several thousand feet above the earth will be copied in the air mail service and by commercial aviation companies in changing sacks of mail, packages or pilots from one ship to another, thus enabling aerial liners to make long journeys without landing, officials say. Some believe that within a short time airplanes may even take gasoline and supplies in the air.

When one of the mammoth airplanes which aviators believe soon will be common flies over the control station, a smaller plane will come up to meet it, the officials explain, and by means of a rope, mail sacks or other packages will be lowered from the large to the small plane. By means of a long hook the large ship will take on baggage from the smaller ship and speed on to its destination.

Eventually it is expected that this plan will be perfected so that fuel supplies can be transferred from one plane to another, making a non-stop coast-to-coast trip possible.

Pilots will change planes in mid-air by means of a rope ladder lowered from one machine to the other, just as Locklear did, it is explained.

The government has been conducting tests along this line for some time, officials say, and one commercial aviation company is reported to be planning to put the scheme into effect within a few months in transferring mail.

Dont Be a Quitter

It's the way a man sticks to a thing that marks him as a success or failure. Many a fellow has won out at the eleventh hour just because he would not let go. Don't be a quitter.

The Best Macaroni

MAC-RO-NETS

Boils Tender in 5 Minutes

MACRONETS—a delicious food—the stored up richness of pure wheat—a food whole families enjoy any day and every day.

The economy of serving MACRONETS in place of expensive vegetables makes MACRONETS a favorite in all homes.

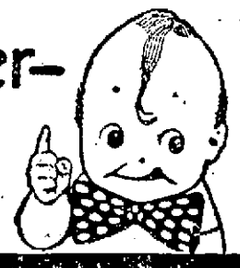
A Food as Staple as Bread and More Nutritious

REMEMBER to ask your grocer for Calumet Baking Powder and be sure that you get it—the Indian Head on the orange label.

Then *forget* about bake day failures. For you will never have any. Calumet always produces the sweetest and most palatable foods.

It never varies in quality—And *now remember,* you always use less than of most other brands because it possesses greater leavening strength.

Now Remember—Always Use



CALUMET BAKING POWDER

There is no waste. If a recipe calls for one egg—two cups of flour—half a cup of milk—that's all you use. You *never* have to re-bake.

Calumet is absolutely sure. In any baking—any time, whether the can has just been opened or whether it is the last spoonful.

Contains only such ingredients as have been officially approved by U. S. Food Authorities—and is the product of the largest, most modern and sanitary Baking Powder Factories in existence.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Columbia Muffin Recipe

4 cups of sifted flour, 4 level teaspoons Calumet Baking Powder, 1 tablespoon sugar, 1 teaspoon salt, 2 eggs, 2 cups sweet milk. Then mix in the regular way.

LANPHER HATS

The Lanpher hat lures you with its good looks but holds your good opinion with its good behavior.

HARDING FINISHES UP WORK READY FOR MONTH'S VACATION

Thousands of Ohioans Gather at Harding Home for Victory Celebration

MARION, O.—In final preparation for his first real vacation in months, President-elect Harding Friday disposed of the last business of his campaign headquarters and virtually abandoned the headquarters building which has housed his office and campaign assistants since July. With Mrs. Harding and a party of friends he leaves Saturday for a month's vacation trip that will take him to southern Texas and probably to Panama.

Workmen Friday, cleaning from Harding lawn, demolished standards and burned-out red-fire torches of Thursday night's celebration, in which several thousands of Mr. Hardings's neighbors in Marion and nearby cities paid him a tumultuous tribute.

In his post-election front porch speech to them he pronounced the league of nations "deceased," although, by an historic coincidence, a crowd at the same hour on the white house lawn in Washington was acclaiming the league in the presence of President Wilson.

Soon after his vacation trip, Mr. Harding is expected to take preliminary steps toward a consultation of statesmen, for formulation of America's program toward a world peace association. Whether he actually will assemble such a counsel before his inauguration, is regarded as doubtful.

SALVADOR VOLCANO ACTIVE

SAN SALVADOR, Republic of Salvador—The volcano of Izalco, 10 miles north of the city of Sonsonate, has broken forth in a new eruption. Great quantities of lava are being discharged on the northern slope of the mountain. The first known eruption of Izalco was in 1770, and since that time it has been active for long periods. The latest important eruption began in 1902.

CATARRHAL DEAFNESS MAY BE OVERCOME

If you have Catarrhal Deafness or are even just a little hard of hearing or have head noises go to your druggist and get 1 ounce of Parmint (double strength), and add to it ¼ pint of hot water and a little granulated sugar. Take 1 tablespoonful four times a day.

This will often bring quick relief from the distressing head noises. Clogged nostrils should open, breathing become easy and the mucus stop dropping into the throat. It is easy to prepare, costs little and is pleasant to take. Anyone losing hearing or who has Catarrhal Deafness or head noises should give this prescription a trial.

GOVERNMENT TAKES OVER OPERATION OF MEXICAN COAL MINES

MEXICO CITY.—American, British and French mining companies in Coahuila plan a protest to the Mexican government against the latter's decision to operate many mines on account of the inability of the employers and striking workmen to reach an agreement ending the present strike. Official circles deny the government has inteded to confiscate the mines, but it is asserted drastic measures are necessary to supply railroads and factories with fuel.

Representatives of the governor of Coahuila Thursday took over five mining properties. All profits, it is said, will be turned over to the mines' owners.

U. S. INVESTIGATES ELECTION FRAUDS

WASHINGTON.—Attorney General Palmer said today charges of fraud in elections in southeastern Kentucky had been referred to district Attorney Slattery at Covington for investigation.

MAY ASK RECOUNT

NEWARK, Ohio.—Unless official returns from the 17th congressional district make a big change, congressman W. A. Ashbrook, democrat, probably will ask for a recount. Complete returns give D. M. Morgan, republican, a lead of 110, though Morgan claims his election by 141 votes.

CHILE WHEAT CROP BIG

SANTIAGO, Chile—The Chilean wheat yield for 1920 was 605,000 tons. Home consumption will be 573,000 tons, it is estimated.

Spain did not have trial by jury until 1888.

RECRUITS ENTERING U. S. NAVY AT RATE OF 2,300 EACH WEEK

Department Will Soon be Able to Send Out Ships Held up for Lack of Crews

WASHINGTON. — Recruiting for the navy is progressing so satisfactorily that naval officials believe it soon will be possible to send to sea a large number of vessels now carried on paper as part of the fleets, but actually tied up at navy yards for lack of crews.

Recruits entering the service exceed 2,300 a week and the training stations are daily sending large numbers to the fleets after the usual four months' training.

On November first the navy was only 28,000 men short of the authorized strength of approximately 143,000, and it is believed the full strength will be reached before March 1.

As a result of the shortage of experienced men it became necessary last winter and spring to place many vessels out of commission or lay them up with greatly reduced crews. Eighteen battleships are with the Atlantic and Pacific fleets on cruising duty; however, while four others have reduced crews. Thirteen of the older type are out of commission entirely.

Of the 243 modern destroyers only 65 are in full commission and of these 25 are in European waters or are outfitting for service abroad. Of the remainder 130 are laid up with crews of thirty men aboard and the others are out of commission entirely.

It is explained there is no expectation of ever placing full crews aboard all the destroyers in time of peace as the navy has a superabundance of this type of vessel. About 50 per cent of the destroyers eventually will be kept fully manned and on duty with the fleets and the others given only large enough crews to keep them ready for duty in time of emergency.

The naval reserve force, officers say, can always be depended upon to provide trained crews for both destroyers and battleships in reserve when occasion demands.

No modern submarines are out of commission, according to naval officials, but 36 older type vessels are without full crews.

Of the fifty-five Eagle boats, 31 are fully manned and 24 are in reserve or loaned to the naval reserve force for training purposes, with 26 cruisers and gunboats in full commission and 24 in reduced commission or laid up.

HONORS MacSWINEY

BUENOS AIRES.— Mayor Ussher of the town of Laprida, in the province of Buenos Aires, has ordered the flag on the town hall half-masted for two days in memory of Terence MacSwiney the late mayor of Cork, who died following a hunger strike. He has communicated word of his action to members of the MacSwiney family in Ireland and Eamonn de Valera, "president of the Irish republic." Mayor Ussher is of Irish descent.

WIRELESS TO FLASH RESULTS OF BADGER GAME AT MINNESOTA

MINNEAPOLIS, Minn.—Reports of the Minnesota-Wisconsin football game here Saturday will be flashed throughout the northwest to private and public wireless stations from the press box by students of the university of Minnesota engineering college.

Japan has a man-faced crab, which is a far pleasanter possession than a crabbed-faced man.—St. Louis Globe Democrat.

RIPON COLLEGE MEETS ILLINOIS COLLEGE CHAMPS

GALSBURG, Ill. — Champions of two states will meet here Saturday in the football game between Ripon college, Wisconsin, and Knox college. Ripon held the state championship of Wisconsin last season, while Knox headed the Illinois intercollegiate athletic association with a no-defeat record. Both teams are coached by former University of Wisconsin athletic stars.

CANADA POPULATION ESTIMATED AT MORE THAN EIGHT MILLION

Sixth Census Soon to be Taken in the Northern Dominion

OTTAWA, Ont.—With preparations under way for taking the census of Canada, the government bureau of statistics estimates the population of the nation at 8,750,000. It is believed the census will prove this estimate approximately correct though some optimists place the population at 10,000,000.

This will be the sixth enumeration since confederation in 1870. The growth of Canada as shown by the former counts has been as follows:

1871	3,689,257
1881	4,324,810
1891	4,833,293
1901	5,371,315
1911	7,206,643

Three-fourths of Canada's population is in Ontario, Quebec and the Maritime provinces. Not more than 2,500,000 people, it is estimated, are west of the Great Lakes.

The trend of present immigration is reported toward the west.

SENATOR FROM ARIZONA LOSES TO REPUBLICAN

PHOENIX, Ariz.—With more than three-fourths of all precincts tabulated, Ralph H. Cameron, republican, had apparently defeated United States Senator Marcus A. Smith for re-election. Cameron holds a lead of 6,000 votes.

Carl Hayden, democrat, apparently has been returned to congress. Governor Campbell, republican, holds a lead of 3,500 votes for re-eleciton.

Just Like Home

Mother and I went into a drug store and ordered chocolate sundaes. When finished I piled up the dishes, as I had been taught to do at home, and carried them to the counter. Of course, everyone smiled and I realized what I had done. It didn't take me long to get out of the store.—Exchange.

Cider when first made in England was called wine.

SHOES

Shoes are designed to protect the feet, not to support them. Most people year shoes too tight nearly all women do. Too loose a shoe is better than too tight a one, but is, nevertheless, undesirable.

The shoe should provide room enough for the toes to work, and should be so shaped as to permit the foot to work without distortion.

The best shoe is one which is straight or practically straight on the inside line, thus avoiding the twisting out of the great toe so common in unsual shoes. It should be long enough to clear the toes, and fit about the heel, over the instep, and under the shank closely enough so that it will not slip in walking. Actual support by the shank underneath is not needed by the normal foot, but many people are happier with it, and a shank curved up to give a little lift does no harm.

High-heeled shoes are clumsy and undesirable things to walk in, give a bad posture, and make corns, but in themselves they do not cause flat foot. If one is used to high heels, it is unwise to change abruptly. Soles should be solid.

The very light soles of many women's shoes are responsible for the concave sole that gives interior arch trouble, and are, at best, an insufficient protection to the foot.

The best type of shoe is one constructed somewhat along the lines of the army last. Men can get such shoes easily; for women it is less easy.

The orthopedic shoe, while theoretically good, is not the practical choice, for few women will wear such a shoe. Some houses carry "modified orthopedic" or "plastic" or "commonsense" lasts, which are excellent, but the important thing is not what it is called, but whether it meets the following specifications:

Shoes

1—Straight inner line.
2—Sufficient length.
3—Sufficient room for toes.
4—A proper fit at heel and instep.
5—Not too high or too narrow a heel.

If "Br" who says that she is bothered with soreness in sides, will send her name and address to Information Bureau, Public Health Service, Washington, D. C., a personal reply will be sent to her. It is not possible to reply through the column.

Lung Trouble

Q. I am engaged to a girl 22 years of age. About three months ago she told me she was spitting blood. She went to a doctor and he said it came from her lungs. Now would you advise me to marry her? Do you think she has consumption? Is there any hope for a person that spits blood from the lungs?

A. It would be advisable to find out exactly the nature of the lung trouble. If the girl is suffering from tuberculosis, she should certainly not marry for some time to come; certainly not until the lungs have entirely healed. It would be well to make certain, however, that the blood really comes from the lungs, for sometimes blood sputum comes from other sources, for example, from an ulcerous nasal mucous membrane.

Life's Preparation For Death

Life is more important than death. In fact, the work of death can only be safely done in life. The practical truth is that which touches us at once, the most sober and solemn view of life, that every single thing we do is actually making death either harder or easier.—Faber.

AYES LEADING ON WET REFERENDUM IN MASSACHUSETTS

BOSTON, Mass.—Official returns from 674 precincts out of the 1,206 in the state show the affirmative leading in the referendum on the bill to legalize the sale of light wines and beer. The figures are: Yes, 242,310; No, 232,270.

The same precincts gave Debs, socialist, for president, a vote of 18,715.

The manufacture of pistols by machinery was first introduced in England from the United States in 1852 by Colonel Colt, inventor of the revolver.

Tax Problems That the New Administration Must Face

Of vital concern to every one of us, because indissolubly linked with the high cost of living, is the problem of tax revision that confronts the new Administration at Washington. "There is no question that Federal taxation is a burning issue the country over," declares the Philadelphia **Public Ledger** (Ind. Rep.), which adds that "if the country is to be saved from the inequalities of the present taxation, which is both sectional and too arbitrary in its class distinctions, it must be through the combined common sense of both parties, and not through any doctrinaire adherence to partizan systems."

During the fiscal year 1920 Federal taxes amounted to $5,408,075,468, an increase of a billion and a half over 1919. And since the cost of running the Government next year will be at least $4,000,000,000, according to the estimates of Secretary of the Treasury Houston, the problem for the present is to devise a better, not a smaller tax.

The leading article in THE LITERARY DIGEST this week, November 6th, presents the many suggestions offered to meet this acute situation; including the list of the articles upon which new taxation is contemplated. It also shows the criticisms for and against the various measures proposed.

ITALY CELEBRATING SECOND ANNIVERSARY OF AUSTRIAN TRUCE

Representatives of all Army Regiments March in Big Parade

ROME.—Representatives of all regiments of the Italian army, marched in the great parade Friday to celebrate the second anniversary of the armistice with Austria, which so far as Italy was concerned, ended the great war. The men, all of whom fought during the war, marched through the main thoroughfares, bearing their regimental flags and singing patriotic songs amidst the applause of immense crowds.

Those who engaged in the parade were, for the most part, simple peasants and workingmen. The majority of them did not wear uniforms but proudly carried Italian flags and bore on their breasts decorations won during the long struggle.

The American flag, carried by the director and students of the American academy here, received a very warm ovation.

King Victor Emmanuel received continuous applause as he drove through the streets to the base of the King Victor Emmanuel monument, where he bestowed gold and silver medals on regiments and warships for their services during the war.

FLORIDA CAST BIG VOTE FOR HARDING

Many Precincts Go Republican for First Time in History

ATLANTA, Ga.—Tennessee and Louisiana were not the only states in the "Solid South" in which the republicans made unexpected gains in the presidential election. Latest reports from Florida show that Senator Harding carried a number of towns in that state, including St. Petersburg, Orlando and Daytona.

For the first time in history several towns and country precincts in the Sixth Mississippi district gave republican majorities. Some counties in Alabama heretofore strongly democratic, returned republican majorities.

In two congressional districts in the south, the Seventh Alabama and Tenth North Carolina, the republican candidates have charged fraud and threaten to contest the election of the democratic representatives.

SPEEDY RECOGNITION BY U. S. PREDICTED BY MEXICAN PAPERS

MEXICO CITY—Reports of the election in the United States were given the entire front pages of newspapers here. Only two journals, the Excelsior and El Heraldo de Mexico, ventured to speculate editorially on what a republican administration in the United States means for this country.

The former sees immediate recognition as one result of the election, and the other asserts Senator Harding's election "will not be an obstacle to good relations between Mexico and the United States."

The Excelsior, which sees in the election a "personal rebuke" for President Wilson, asserts he now "can scarcely be expected to refrain from recognizing Mexico as a revenge against the republican senatorial majority, which in the past has assumed an unfriendly, and even hostile, attitude toward this country."

HELEN SOUTHARD OF CHICAGO IS BRIDE OF RICHMOND STOCKTON

CARDS HAVE BEEN RECEIVED announcing the marriage on Wednesday, November 3, of Helen, daughter of Mr. and Mrs. James F. Southard, and Mr. Richmond Stockton at four o'clock, at St. Peter's Episcopal church, Chicago. Mr. and Mrs. Southard and daughter are well known in the city, having visited here frequently. Mrs. Southard will be remembered as Miss Lida Barber, formerly of La Crosse.

* * * *

MR. AND MRS. Olaf Bakkum, 345 South Twenty-second street, announce the engagement of their daughter, Ruth Elisabeth, to Mr. Howard Arthur Marshall.

* * * *

A GROUP of young people was delightfully entertained at a Hallowe'en party given by Miss Irene Schnick and Miss Ruth Hamil at the home of the latter. Dancing and games afforded amusement and refreshments were served at half past ten. The rooms were prettily decorated, a basket cut from a pumpkin and filled with fruit centering the table. The guests, who were in costume, were the Misses Irma Michel, Frieda Nack, Minnie Earth, Irene and Anna Mehren, Bertha Euschel, Mona Forseth, Frieda Strehl, Lillian Schnick, Helen Bliske, Lillian Gausch; John Weber, Waldemar Forseth, Edward Balzer, Lester Ginsky, John Abegglen, Dick Paulson, Leonard Weber, Clarence Michel, Gregor Haniff and Arthur Taleuth.

* * * *

MRS. MARIA KEITH has returned home after spending six months with her brother at Fessenden, N. D.

* * * *

THE BOARD of directors of the La Crosse County Community Council will meet at half past eleven on Saturday at the Chamber of Commerce for a business session previous to the luncheon.

* * * *

THE WILSON-COLWELL Relief Corps will meet this evening at the corps' rooms as a farewell to Mrs. Man, who is soon leaving the city.

For more than a century after its introduction into England in the early seventeenth century tea was regarded with suspicion.

BRITAIN READY TO RECOGNIZE MEXICO WHEN U. S. DOES

Recognition also Decided Upon by the Republic of Chile

LONDON.—British recognition of Mexico is expected to follow recognition by the United States, according to Miguel Covarrubias, former Mexican minister at London, who is here on a mission for his government.

Senor Covarrubias takes the view that the statement by Secretary of State Colby on the Mexican question and the legalizing by the Mexican congress last week of General Obregon's election to the presidency are leading up to full recognition of Mexico by the United States and Great Britain.

Senor Covarrubias is planning to reopen the Mexican legation here which has been closed since 1915.

Chile, Too

SANTIAGO, Chile.—Chile has decided to recognize the new government in Mexico, it was learned Thursday.

MICHIGAN SCHOOL AMENDMENT BEATEN BY DECISIVE VOTE

DETROIT, Mich.—A proposed amendment to the state constitution that in effect would abolish parochial and private schools in Michigan was decisively defeated at Tuesday's election. Returns from 2,024 precincts including practically complete figures from all the populous counties in the state gave 454,062 against the amendment and 260,305 in favor of it.

Returns tabulated up to Friday on the presidential contest, indicate that Harding received more votes than were cast for all candidates on the presidential ticket of four years ago.

HARVARD READY TO MEET PRINCETON

CAMBRIDGE, Mass.—Harvard's football eleven Friday put the finishing touches to its preparations for the annual game with Princeton Saturday.

Beginning with 1877 Princeton and Harvard have met twenty-two times on the gridiron, the Tigers capturing twelve contests, the Crimson eight, and two being tie games. Last year the score was 10 to 10.

HOLMEN CHURCH NOTES

Coming Sunday communion services conducted in the Norwegian language will be held in the Holmen church at 10:30 in the morning. English services in the Halfway church at 3 o'clock in the afternoon.

The annual meeting of the Halfway congregation, November 8, at 2 o'clock in the afternoon. Meeting to be held in the church parlors.

The Scandinavian English Lutheran congregation of Holmen will hold its annual business meeting in the church parlors November 10, at 2 o'clock in the afternoon. E. Berrum, pastor.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.

M'CORMICK HEADS STATE TEACHERS FOR COMING YEAR

La Crosse Superintendent of Schools Elected President at Milwaukee Meeting

Supt. of Schools B. E. McCormick of La Crosse was elected president of the Wisconsin Teachers' association Thursday afternoon.

Rivalry between the "rank and file" and the superintendents in the Wisconsin Teachers' association was brought to a head shortly after the opening of the sixty-seventh annual state convention by a coup by the school superintendents in favor of their candidate for the presidency of the association, as against the candidate offered by the teachers.

A telegram announcing the withdrawal of the teachers' candidate, J. H. McNeil, principal, Beloit, was obtained by members of the superintendents' group.

The superintendents' slate, B. E. McCormick, La Crosse, for president, and F. S. Hyer, Whitewater, was advertised prominently. The reorganized teachers' slate call for the reelection of I. C. Kagel, Milwaukee as member of the executive committee and President F. E. Converse, Beloit college, as president. A serious division in voting strength was feared, however, as many ballots were already cast for McNeil.

The class room teachers were successful last year in electing their choice C. M. Barr, Milwaukee, Normal school.

The life of heavy artillery depends largely on the quality of powder used, some grades being much more erosive than others.

This will fix my cold

SORE THROAT, COLDS

Quickly Checked by Hamlin's Wizard Oil

Sore throat and chest colds should never be neglected. Few people realize how often they result seriously if not promptly checked. Hamlin's Wizard Oil is a safe, simple and effective treatment. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night. Keep a bottle on the shelf.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Generous size bottle 35c.

"I ALWAYS keep Dr. King's New Discovery handy. It breaks up hard, stubborn colds and stops the paroxysms of coughing." No harmful drugs, but just good medicine. At your druggists, 60c and $1.20 a bottle.

ITALY CELEBRATING SECOND ANNIVERSARY OF AUSTRIAN TRUCE

Representatives of all Army Regiments March in Big Parade

ROME.—Representatives of all regiments of the Italian army, marched in the great parade Friday to celebrate the second anniversary of the armistice with Austria, which so far as Italy was concerned, ended the great war. The men, all of whom fought during the war, marched through the main thoroughfares, bearing their regimental flags and singing patriotic songs amidst the applause of immense crowds.

Those who engaged in the parade were, for the most part, simple peasants and workingmen. The majority of them did not wear uniforms but proudly carried Italian flags and bore on their breasts decorations won during the long struggle.

The American flag, carried by the director and students of the American academy here, received a very warm ovation.

King Victor Emmanuel received continuous applause as he drove through the streets to the base of the King Victor Emmanuel monument, where he bestowed gold and silver medals on regiments and warships for their services during the war.

FLORIDA CAST BIG VOTE FOR HARDING

Many Precincts Go Republican for First Time in History

ATLANTA, Ga.—Tennessee and Louisiana were not the only states in the "Solid South" in which the republicans made unexpected gains in the presidential election. Latest reports from Florida show that Senator Harding carried a number of towns in that state, including St. Petersburg, Orlando and Daytona.

For the first time in history several towns and country precincts in the Sixth Mississippi district gave republican majorities. Some counties in Alabama heretofore strongly democratic, returned republican majorities.

In two congressional districts in the south, the Seventh Alabama and Tenth North Carolina, the republican candidates have charged fraud and threaten to contest the election of the democratic representatives.

SPEEDY RECOGNITION BY U. S. PREDICTED BY MEXICAN PAPERS

MEXICO CITY—Reports of the election in the United States were given the entire front pages of newspapers here. Only two journals, the Excelsior and El Heraldo de Mexico, ventured to speculate editorially on what a republican administration in the United States means for this country.

The former sees immediate recognition as one result of the election, and the other asserts Senator Harding's election "will not be an obstacle to good relations between Mexico and the United States."

The Excelsior, which sees in the election a "personal rebuke" for President Wilson, asserts he now "can scarcely be expected to refrain from recognizing Mexico as a revenge against the republican senatorial majority, which in the past has assumed an accordial, and even hostile, attitude toward this country."

Society

HELEN SOUTHARD OF CHICAGO IS BRIDE OF RICHMOND STOCKTON

CARDS HAVE BEEN RECEIVED announcing the marriage on Wednesday, November 3, of Helen, daughter of Mr. and Mrs. James F. Southard, and Mr. Richmond Stockton at four o'clock, at St. Peter's Episcopal church, Chicago. Mr. and Mrs. Southard and daughter are well known in the city, having visited here frequently. Mrs. Southard will be remembered as Miss Lulu Barber, formerly of La Crosse.

* * * *

MR. AND MRS. Olaf Bakkum, 343 South Twenty-second street, announce the engagement of their daughter, Ruth Elizabeth, to Mr. Howard Arthur Marshall.

* * * *

A GROUP of young people was delightfully entertained at a Hallowe'en party given by Miss Irene Schnick and Miss Ruth Hanifl at the home of the latter. Dancing and games afforded amusement and refreshments were served at half past ten. The rooms were prettily decorated, a basket out from a pumpkin and filled with fruit centering the table. The guests, who were in costume, were the Misses Irma Michel, Frieda Nack, Minnie Bartz, Irene and Anna Mehren, Bertha Kuschel, Mona Forseth, Frieda Strehl, Lillian Schnick, Helen Blieske, Lillian Gautsch; John Weber, Waldemar Forseth, Edward Balzer, Lester Ginsky, John Abegglen, Dick Paulson, Leonard Weber, Clarence Michel, Gregor Hanifl and Arthur Taleuth.

* * * *

MRS. MARIA KEITH has returned home after spending six months with her brother at Fessenden, N. D.

* * * *

THE BOARD of directors of the La Crosse County Community Council will meet at half past eleven on Saturday at the Chamber of Commerce for a business session previous to the luncheon.

* * * *

THE WILSON-COLWELL Relief Corps will meet this evening at the corps' rooms as a farewell to Mrs. Man, who is soon leaving the city.

For more than a century after its introduction into England in the early seventeenth century tea was regarded with suspicion.

BRITAIN READY TO RECOGNIZE MEXICO WHEN U. S. DOES

Recognition also Decided Upon by the Republic of Chile

LONDON.—British recognition of Mexico is expected to follow recognition by the United States, according to Miguel Covarrubias, former Mexican minister at London, who is here on a mission for his government.

Senor Covarrubias takes the view that the statement by Secretary of State Colby on the Mexican question and the legalizing by the Mexican congress last week of General Obregon's election to the presidency are leading up to full recognition of Mexico by the United States and Great Britain.

Senor Covarrubias is planning to reopen the Mexican legation here which has been closed since 1915.

Chile, Too

SANTIAGO, Chile.—Chile has decided to recognize the new government in Mexico, it was learned Thursday.

MICHIGAN SCHOOL AMENDMENT BEATEN BY DECISIVE VOTE

DETROIT, Mich.—A proposed amendment to the state constitution that in effect would abolish parochial and private schools in Michigan was decisively defeated at Tuesday's election. Returns from 2,024 precincts including practically complete figures from all the populous counties in the state gave 454,062 against the amendment and 260,305 in favor of it.

Returns tabulated up to Friday on the presidential contest, indicate that Harding received more votes than were cast for all candidates on the presidential ticket of four years ago.

HARVARD READY TO MEET PRINCETON

CAMBRIDGE, Mass.—Harvard's football eleven Friday put the finishing touches to its preparations for the annual game with Princeton Saturday.

Beginning with 1877 Princeton and Harvard have met twenty-two times on the gridiron, the Tigers capturing twelve contests, the Crimson eight, and two being tie games. Last year the score was 10 to 10.

HOLMEN CHURCH NOTES

Coming Sunday communion services conducted in the Norwegian language will be held in the Holmen church at 10:30 in the morning. English services in the Halfway church at 3 o'clock in the afternoon.

The annual meeting of the Halfway congregation, November 8, at 2 o'clock in the afternoon. Meeting to be held in the church parlors.

The Scandinavian English Lutheran congregation of Holmen will hold its annual business meeting in the church parlors November 10, at 2 o'clock in the afternoon. E. Berrum, pastor.

FIERY, ITCHY ECZEMA HEALED RIGHT UP BY APPLYING SULPHUR

Any breaking out of the skin, even fiery, itching eczema, can be quickly overcome by applying a little Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, this sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth.

It seldom fails to relieve the torment and disfigurement. Sufferers from skin trouble should get a little jar of Mentho-Sulphur from any good druggist and use it like a cold cream.

M'CORMICK HEADS STATE TEACHERS FOR COMING YEAR

La Crosse Superintendent of Schools Elected President at Milwaukee Meeting

Supt. of Schools B. E. McCormick of La Crosse was elected president of the Wisconsin Teachers' association Thursday afternoon.

Rivalry between the "rank and file" and the superintendents in the Wisconsin Teachers' association was brought to a head shortly after the opening of the sixty-seventh annual state convention by a coup by the school superintendents in favor of their candidate for the presidency of the association, as against the candidate offered by the teachers.

A telegram announcing the withdrawal of the teachers' candidate, J. H. McNeil, principal, Beloit, was obtained by members of the superintendents' group.

The superintendents' slate, B. E. McCormick, La Crosse, for president, and F. S. Hyer, Whitewater, was advertised prominently. The reorganized teachers' slate call for the reelection of I. C. Kagel, Milwaukee as member of the executive committee and President F. E. Converse, Beloit college, as president. A serious division in voting strength was feared, however, as many ballots were already cast for McNeil.

The class room teachers were successful last year in electing their choice C. M. Barr, Milwaukee, Normal school.

The life of heavy artillery depends largely on the quality of powder used, some grades being much more erosive than others.

This will fix my cold

"I ALWAYS keep Dr. King's New Discovery handy. It breaks up hard, stubborn colds and stops the paroxysms of coughing." No harmful drugs, but just good medicine. At your druggists, 60c and $1.20 a bottle.

SORE THROAT, COLDS
Quickly Checked by Hamlin's Wizard Oil

Sore throat and chest colds should never be neglected. Few people realize how often they result seriously if not promptly checked. Hamlin's Wizard Oil is a safe, simple and effective treatment. Used as a gargle for sore throat it brings quick relief. Rubbed on the chest it will often loosen up a hard, deep seated cold in one night. Keep a bottle on the shelf.

Wizard Oil is a good dependable preparation to have in the medicine chest for first aid when the doctor may be far away. How often sprains, bruises, cuts and burns occur in every family, as well as little troubles like earache, toothache, cold sores, canker sores, stiff neck, and tired aching feet. Soothing, healing Wizard Oil will always bring quick relief.

Generous size bottle 35c.

BARRON COUNTY LEADS NATION IN CATTLE TESTING

First County in the United States to Have Every Head of Cattle Tested

NORGORD TO ASK INCREASED FUNDS FOR DEPARTMENT

Points to Importance of Tuberculosis Testing Bureau

MADISON, Wis.—Barron county, Wisconsin, has the distinction of being the first county in the United States to have every one of its 68,000 head of cattle tested for tuberculosis, and that county is now probably more nearly free from tuberculosis than any cattle raising section in the world of equal area. These facts were brought out at the fall meeting of the livestock sanitary board of the state department of agriculture this week in Madison. When it is recalled that the most fruitful source of tuberculosis in human beings the world over is milk and milk products from infected cows, the significance of the effort of the state department of agriculture to stamp out bovine tuberculosis in Wisconsin is understood. So thoroughly aroused have the herd owners of the state become on this effort to eradicate tuberculosis, that the demand upon the state department of agriculture for testing has got far beyond the ability of the department to meet it. Commissioner Norgord will ask the legislature the coming winter to provide the department with largely increased facilities for the work.

At this fall meeting of the board Dr. J. P. West, in charge of the testing of cattle for tuberculosis by counties, reported that the 68,000 head of cattle in Barron county will all be tested by January 1st; the 19,000 animals in Lincoln county by early spring, and all of the 61,000 head of cattle of Waukesha county, except the two northeastern townships, were tested last spring.

Regulations were put in force to prohibit the introduction and exchange of untested cattle in these areas, thus providing for the permanent control of tuberculosis within these areas.

Wisconsin is the first state in the union to adopt this most healthy and promising method of eradicating tuberculosis. The demand for testing by this method is so great that the department cannot begin to meet it, and further requests will have to be made direct to the legislature. Fourteen counties have either sent in petitions signed by a majority of cattle owners are are now signing them up.

Barron county will have the distinction of being the first county in the United States to have every animal tested for tuberculosis. Since less than one per cent of tuberculosis is found in this northern region, after the test the animals in this territory will be as safe and free from this disease as any stock anywhere in the world.

The accredited herd work of the department, supported one-half by the state and one-half by the federal government, was reported upon by Dr. J. S. Healy, who is in charge for the state and federal departments.

The state of Wisconsin now has 361 fully accredited herds; 971 have passed one negative test, and 1,611 herds are under supervision.

So great has been the demand for this form of testing that practically all activities tending to promote it have been discontinued. In spite of this, 317 applications signed by Wisconsin breeders are now on file in the office which the veterinarians of the department have not been able to reach and test.

This Actually Removes Superfluous Hair Roots
(Entirely New and Quick Method)

By the introduction in this country of what is known as the "phelactine process," any woman can now rid herself completely of annoying superfluous hair or fuzz. The process is entirely new, different from all others, and far better—because it actually removes the roots, as well as the surface hair. It is almost instantaneous, perfectly harmless, odorless and non-irritating.

Just get a stick of phelactine from your druggist, follow the simple directions—and see the hair roots come out, with your own eyes! No depilatory or electrical treatment can produce this result. The skin is left soft, smooth and hairless as a child's. Phelactine can be used with absolute safety—one could even eat it with impunity.

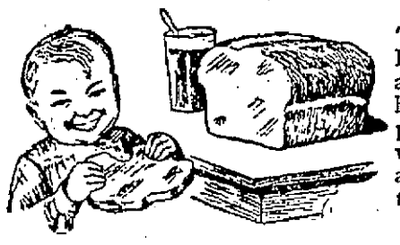
VICTORIA Fancy Patent FLOUR

Prepared for Her Majesty the American Housewife

Baking is never a gamble when you use Victoria Flour. It's always good and always the same.

It makes a *beautiful* loaf of white, light, fluffy bread and you don't have to be so terribly particular about weighing and measuring the ingredients.



"Victoria" Bread, biscuits, and cake mean health and happiness for the whole family — and especially the "kiddies."

LEGAL NOTICES

Notice For Administration and Notice to Creditors.

State of Wisconsin, County Court, La Crosse County—In Probate.

In Re Estate of Wenzel Karbula, Deceased.

Notice is hereby given, That at the special term of said court to be held on the fourth Tuesday, being the 30th day of November, A. D. 1920, at the Court House in the City of La Crosse, County of La Crosse, and State of Wisconsin, there will be heard and considered, the application of John J. Ott and James Howard for the appointment of an administrator of the estate of Wenzel Karbula, late of the City of La Crosse, in said County, deceased;

Notice is hereby further given, That at the special term of said Court to be held at said Court House, on the second Tuesday, being the 8th day of March, A. D. 1921, there will be heard, considered and adjusted, all claims against said Wenzel Karbula, deceased.

And notice is hereby further given, That all such claims for examination and allowance must be presented to said County Court at the Court House, in the City of La Crosse, in said county and state, on or before the 4th day of March, A. D. 1921, or be barred.

Dated November 4th, 1920.

By the Court,
JOHN BRINDLEY, JUDGE.
McCONNELL AND SCHWEIZER, Attorneys.

NOTICE

State of Wisconsin, in County Court for La Crosse County.

In the matter of the estate of Gunhild Kvam, Deceased.

Notice is hereby given, that at a special term of the county court to be held in and for said county at the court house in the city of La Crosse, in said county, on the third Tuesday of November, being the sixteenth day of November, 1920, the following matters will be heard and considered and examined in

Re Estate of Gunhild Kvam, deceased.

The application of J. A. Thwing, administrator of the estate of Gunhild Kvam, late of the city of La Crosse, in said county, deceased, to sell or incumber real estate belonging to such estate, for the payment of expenses and debts, said estate being situated and described as follows:

Lots one to seven in Block Seven, Canterbury's second addition, which was decedant's homestead, appraised at $200.00;

Lot one, Block Two, Canterbury's addition, more fully described in the inventory to which reference is made;

Also other real estate in Canterbury's addition more fully described in the inventory to which reference is made, in all appraised at $1500.00;

Lots three to nine, Block Thirty, first addition to Greenwood Park, more fully described in the inventory, appraised at $300.00;

Also a certain tract of land in Lot One of Section 20, 16, 7, more fully described in the inventory, appraised at $100.00;

Also lot seven of Gallagher's addition to the city of La Crosse, purchased under a land contract, appraised in the inventory at $800.00.

Also the following lands in Monroe county, Wisconsin: The North 40 feet of the South 170 feet of Block Three of Chaffe's subdivision, and Outlots 71 and 72 of Assessor's subdivision of lands of the city of Sparta, Monroe county, Wisconsin, except the East 60 feet thereof, appraised in the inventory at $350.00;

Also the South 40 feet except the East 60 feet of the North 138 feet of Block 3 of Chaffe's, said subdivision, subject to a mortgage of $300.00, appraised at $900.00.

Also a certain farm in Monroe county, known as the Fish Farm, more fully described in the inventory, to which reference is made, appraised at $900.00, but subject to mortgages considerably more than the value of the farm.

Also the West one-half of the Northwest Quarter and the West half of the Southeast Quarter, all in Section 21-17-3 West, appraised at $1500.00.

Dated this 20th day of October, A. D. 1920.

By the Court,
JOHN BRINDLEY, Judge.
WINTER, MORRIS, ESCH & HOLMES, Attorneys.

"Have you any cooks on hand?"
"Six in the anteroom."
"Ask 'em to look me over and see if there is anybody here I might suit."
—Louisville Courier-Journal.

RAILS LOSE GAINS

Reaction of One to Two Points Comes With Weakness in Other Issues

NEW YORK—Gains in investment rails marked the first hour's trading of Friday's market session but a reaction of one to two points set in later when shippings, oils, motors, steels, equipments and various specialties developed weakness. Atlantic Gulf lost 5½ points, Mexican Peroleum fell 2½, Harvester 3, Virginia-Carolina Chemical 3¾, Crucible Steel 3 and American Woolen 2. Irregular rallies set in before noon on buying of Reading, Norfolk and Western, St. Paul common and preferred and Rock Island, but Texas and Pacific was heavy. Call money opened and was freely offered over the week-end at 9 per cent. French and Italian exchange rates were extremely weak.

Further extensive accumulation of rails and equally heavy selling of shippings and oils created highly irregular conditions at the opening of Friday's stock market. Northern Pacific was the most conspicuous feature on an exchange of 4,000 shares at 95 to 94½, soon rallying to 95½, an extreme gain of 1¼ points. Advances of 1 to 1½ points were made by Great Northern, South Pacific, Chicago and Northwestern and Chesapeake and Ohio. Atlantic Gulf opened at a three-point decline, this soon being extended to 4½ points, and American International fell two points. Mexican Petroleum, Royal Dutch, Crucible Steel, Utah, Copper and Virginia-Carolina Chemical were among the other heavy to weak issues.

Crucible Steel and Associated Oil weakened in the last hour and rails also forfeited much of their advance. The closing was heavy.

CHICAGO LIVESTOCK

CHICAGO, Ill.—Cattle—Receipts 7,000; all killing classes slow, demand dull at yesterday's bottom prices; some selling 15 to 25c lower; no choice steers herd; bulk natives, $10.00 to $15.00; butcher cows and heifers mostly $6.00 to $9.00; canners largely $3.57 to $3.90; bulls weaker; bolognas, $6.00 to $6.75; calves, steady; best vealers, $14.50 to $15.00; stockers and feeders, slow to lower.

Hogs—Receipts 13,000; active, mostly 10 to 15c higher than yesterday's average; top, one load, $14.50; practical top, $14.40; bulk of sales, $13.50 to $14.35; pigs, 15c to 25c higher; bulk desirable 100 to 130 pound pigs, $14.50 to $14.75.

Sheep—Receipts 16,000; fat lambs, 25c lower; top native lambs, $12.50; bulk natives, $11.50 to $12.50; fat sheep, steady; choice handy weight ewes, $7.00; bulk natives, $5.50 to $6.50; feeders, steady.

WHEAT IN SETBACK

Downturn in Price Influenced by Breaks in Foreign Exchange

CHICAGO, Ill.—Fresh setbacks in the price of wheat took place Friday, influenced more or less by big breaks in foreign exchange. For the most part, commission houses were on the selling side, and there was no aggressive support. The fact that receipts were light at all points tended somewhat, however, to check radical bearish sentiment. Opening prices, which ranged from 1 to 2¼c lower, with December $1.98¾ to $1.99½ and March $1.93 to $1.93¾, were followed by a slight rally and then by a new downturn.

Subsequently, indications of export business led to upturns, but not of a lasting sort. The close was unsettled, 1¼ to 2⅜c net lower, with December $1.98 to $1.98¼ and March $1.93 to $1.93½.

Corn developed a little strength, with shipping business and smallness of arrivals furnishing the stimulus. After opening ⅛c lower to ¼c higher, including December at 82¼ to 82⅝c, the market continued to harden.

Selling of May and buying of December was a feature. The close was nervous ⅛c net lower to ⅞c net advance, with December 83⅛c to 83¼c.

Oats were swayed by wheat rather than corn, starting unchanged to ½c lower, May 58⅝c to 58⅞c, and showing but slight power to rally.

Provisions tended downward notwithstanding higher quotations on hogs. Buyers were scarce.

HAVE YOU THOUGHT OF THIS?

Most people when they receive sums of money such as legacies or insurance payments, are tempted to be extravagant or to invest unwisely.

Would it not, therefore, be better for you to name the LA CROSSE TRUST COMPANY, as Trustee to safeguard any such money you have to leave?

It will place you under no obligation to come in and talk this important matter over with us. All consultations are held in strict confidence.

Over Half of Your Membership Dollar Works at Home

50c Works in Your Town *50c is for National Uses*

See how large a percentage of your Red Cross Membership dollar stays right here in your own community.

Fifty cents of every dollar received from annual membership dues is retained by your local Red Cross Chapter—

---to fight diseases and make your own community a healthier, safer place for you and your family

---to teach emergency aid in case of accident.

---to save the babies and guard the family health dy teaching home hygiene, care of the sick and home dietitics.

---to give immediate relief to victims of epidemics, explosions, floods, fires or similar calamities.

---to aid in the care of crippled children, deserted mothers, financial stress, etc.

What is Done to the Rest

The balance of all membership dues is forwarded to the Red Cross national headquarters at Washington. National funds are composed principally of voluntary contributions. These include amounts still on hand for uncompleted war projects. There is also included the amounts received from membership dues—these natiional funds are used partly for relief in foreign lands and partly for national relief work in the United States, including

---assistance to soldiers, sailors and marines in camps and hospitals.

---assistance to families of service men.

---assistance in sudden disasters.

---public health and nursing service.

---development of Red Cross service program in the United States.

The Management Cost at National Headquaters and the Fourteen Divisions is Less than Four Per Cent of the Total Expenditures

When your Red Cross spends, it spends patriotically, conservatively, wisely. In joining the Red Cross you can join without misgiving, armed with the knowledge of just where and how your membership dollar will be spent. Join the Red Cross or renew your membership during the
